The Department of Mechanical Engineering at The City College of the City University of New York invites applications from outstanding individuals for one position of Professor of Practice at the Distinguished Lecturer rank in areas related to Design of autonomous aerial, ground or underwater vehicles, artificial intelligence, robotic, machine/computer vision systems, or sensing/mechatronics and control. Distinguished Lecturers are experienced practitioners or teachers who hold full-time, non-tenure track position with a maximum appointment period of seven years, subject to annual reappointment.

The successful candidate is expected to teach and develop courses in the graduate and undergraduate programs, participate in educational and curricular research activities within the department and seek the development of innovative teaching methodologies. He/she will also share responsibility for committee and department assignments including administrative, supervisory, and other functions.

For information about the Grove School of Engineering and the Mechanical Engineering Department please see www.ccny.cuny.edu/engineering/index.cfm.

QUALIFICATIONS

Bachelor's degree, extensive industrial experience and a record of achievement in Mechanical Engineering or related field. Also required is the ability to cooperate with others for the good of the institution.

COMPENSATION

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.
