The Department of Mechanical Engineering at The City College of the City University of New York invites applications from outstanding individuals for two tenure-track faculty positions at the rank of Assistant Professor or higher in areas related to robotics, autonomous aerial, ground or underwater vehicles, artificial intelligence, machine/computer vision, or sensing/mechatronics and control.

The successful candidate is expected to develop an innovative externally funded research program, participate in on-going research activities, collaborate with colleagues and teach and develop courses in the graduate and undergraduate programs. He/she will also share responsibility for committee and department assignments including administrative, supervisory, and other functions.

For information about the Grove School of Engineering and the Mechanical Engineering Department please see www.ccny.cuny.edu/engineering/index.cfm.

QUALIFICATIONS
Ph.D. degree in Mechanical Engineering or closely related discipline. Also required are the ability to teach successfully, demonstrated scholarship or achievement, and ability to cooperate with others for the good of the institution.

COMPENSATION
CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.

HOW TO APPLY
Visit CUNYfirst Jobs. From our job posting system, select "Apply Now", create or log in to a user account, and provide the requested information. If you are viewing this posting from outside our system, access the employment page on our web site and search for this vacancy using the Job ID or Title.

Candidates should provide a CV, cover letter and research and teaching vision statements. Additionally, please provide the names and contact information for five references.
