BRAND GUIDELINES

City College’s brand is the unforgettable and lasting experience it offers to all who come in contact with the institution. Whether external audiences experience the institution in person or via the website, social media, email, telephone, or through printed or digital collateral, the engagement they have with CCNY through its many different communication vehicles is the brand. The continuous interactions that internal audiences, including faculty, staff, students and alumni, have with the college also are factored into the college’s brand.

Whether good or bad, brand is the perceived truth projected about an institution by its audiences. Some of the most common words and phrases used to describe the City College brand among its internal and external audiences include historic, original, diverse, multicultural, access, excellence, student success, transformative, community, arts, research, scholarship and creativity. City College captures and communicates this content in visual ways using graphic treatments that include the college logo, color, typography and photography.

This section offers guidelines on how to use properly the graphic treatments to effectively communicate and support City College’s brand.

Color Treatment

PMS 2665C and PMS 425C are the official college colors. The official college secondary colors are PMS 129C, PMS 298C, PMS 1807C and PMS 376C. The colors may be used as accents for the primary colors. See page 4 for color swatches.

Logo Treatment

The rectangular logo is one component of the brand. The logo should appear on the front and back of each publication.

Photography

Using quality photography of the City College campus is crucial to the college’s messaging and brand. Imagery of the campus is one of the college’s most valued visual assets.

All photos should be current and relevant to the publication. Do not use stock photography. You may request official campus photos from the Office of Institutional Advancement and Communications at communications@ccny.cuny.edu.

Typography

The typefaces Arno Pro and Syntax LT Std are components of the brand and should be used on all materials. Both typefaces can be used in the same publication. See page 5 for typefaces.
COLLEGE COLORS

City College's marketing color palette supports the college's long-standing purple and gray. In Pantone numbers, “C” stands for coated paper and “U” stands for uncoated paper.

The primary colors for City College are purple, gray and white. The first use of purple by the college dates back to the late 19th century. Called lavender during that time, the color has evolved through many hues during the centuries to the purple and gray used today. The values for the colors are taken from Pantone’s Formula Guide and not Pantone’s Color Bridge.

**Secondary Colors**

The secondary colors are PMS 271C, PMS 192, PMS 298C, PMS 376C and PMS 1807C. These colors may be used as accents along with the primary colors.

Secondary colors have been established to add variety and flexibility to the primary colors. Additionally, secondary colors allow the college’s schools and divisions as well as programs to become sub brands of the college’s brand.

**NOTE:** Colors on computer monitors are not accurate. Specify Pantone numbers to ensure color reproduction is correct. The color names provided above are for quick reference only. It is important to print the purple as a spot color whenever possible, as its CMYK translation is very dull. The Pantone 425 grey should be replaced with 65% black when working in CMYK. The other colors translate well to CMYK.
COLLEGE TYPEFACES

The official typefaces for the college are Arno Pro and Syntax LT Std. They should be used in all college documents. Both typefaces are available in a number of weights and styles.

Serif Typeface

Arno Pro is the official serif typeface of the college. It is the preferred typeface for headlines. It may also be used for body and legal copy.

**COLLEGE LOGO**

City College’s logo, based on the font Arno, is custom-kerned and positioned in its box for optimum visual appeal. The letters are white type in a box of 65% black or 100% pantone 425C. The type may be aligned on the left or right, depending on the design of the piece where it is being used.

The City College name and logo are trademarked symbols and cannot be used without following the college’s style guide. For logo files, please visit www.ccny.cuny.edu/sites/default/files/CCNY_Logos.zip

Whenever possible, one or both sides of the box should bleed off the edge of the paper. On dark backgrounds, the nameplate box is 85% black rather than 65% black. You may use 100% of PMS 425C instead of using a Pantone spot color ink.

*Grey box touches edge of paper. Make sure to extend the grey box 0.125 inches off of page for bleed.*
When circumstances will not allow the usage of the gray box logo, use the full name of the college in gray or purple, in one line. The trademark initials must be right next to the name. These logos should not be incorporated into other logo designs.

### Logo Acronym

In very limited cases (Social Media), the college acronym may be used. Due to certain limitations in logo space in digital media, the college's acronym is used in place of the college's gray logo. In the instance of social media, the white CCNY letters are placed in a circle or square purple shape. These stylized acronym cannot be combined with other logo designs. For logo files, please visit [www.ccny.cuny.edu/sites/default/files/CCNY_Acronyms.zip](http://www.ccny.cuny.edu/sites/default/files/CCNY_Acronyms.zip)

The Style Guide for The City College of New York provides consistency for news and communication of content on any informational platform. The Style Guide considers The Associated Press Stylebook to be the authoritative source. For unaddressed issues of grammar and punctuation, William Strunk, Jr. and E.B. White’s The Elements of Style, fourth edition, may serve as a guide. These sources should be consulted if discrepancies are encountered.

ACADEMIC DEGREES

Bachelor’s degree and master’s degree are used. Doctoral or doctorate is used but not doctorate degree. Doctorate is a noun. Doctoral is an adjective. Apostrophes are not used when stating the formal name of a degree as in Bachelor of Arts and Master of Arts.

Correct: She earned a bachelor’s degree from The City College of New York.
Incorrect: She earned a bachelor degree from The City College of New York.

Correct: He earned a doctoral degree from The City College of New York.
Correct: He earned a doctorate from The City College of New York.
Incorrect: He earned a doctorate degree from The City College of New York.

Abbreviations of Academic Degrees

- B.A. Bachelor of Arts
- B. Arch Bachelor of Architecture
- B.S. Bachelor of Science
- B.E. Bachelor of Engineering
- B.F.A. Bachelor of Fine Arts
- M.A. Master of Arts
- M. Arch Master of Architecture

- M.L.A. Master of Landscape Architecture
- M.P.A. Master of Public Administration
- M.P.S. Master of Professional Studies
- Ed.D. Doctor of Education

Use commas when using abbreviated degrees after a name. Never use an academic degree title preceding a name and the abbreviated degree following a name in the same reference.

Correct: Vincent Boudreau, Ph.D.
Correct: Dean Vincent Boudreau, Ph.D.
Incorrect: Dr. Vincent Boudreau, Ph.D.
ACRONYMS

Acronyms are formed from multiple initial letters to create terms that take the place of a proper noun. Periods are not used. An acronym should only be used on second and subsequent references, after the proper name is used on first reference. Avoid overusing acronyms for every college, program especially new ones. In these cases, it is better to use the full name in order to promote or establish the new program.

CAPTIONS

Use complete sentences when writing captions for photographs, unless the caption is used to identify people or objects in the photo. Middle initials in names are unnecessary in captions.

COLLEGE NAME

Do not use City College interchangeably with CUNY as the two are very different institutions. Founded in 1847 by Townsend Harris, City College is the first public higher education institution in New York City and is a precursor to CUNY, which was established in 1961 by New York legislation to integrate existing higher education into one system for New York City.

The City College of New York

In announcements or other formal uses, the article with an upper case T can precede City. “The City College of New York” is used on first reference. “City College” or “CCNY” may be used on second and subsequent references.

COMMAS

The serial, or Oxford, comma is not used before the last in a series of items. The college follows Associated Press style, using the comma only when it is necessary to avoid confusion or misinterpretation. In such an instance, use the serial comma after the penultimate item in a list of three or more items, and before ‘and’ or ‘or.’

☑ Correct: He thanked his parents, Dean Martin, and Professor Lewis. (This separates his parents from Dean Martin and Professor Lewis).

☒ Incorrect: He thanked his parents, Dean Martin and Professor Lewis. (This implies that Dean Martin and Professor Lewis are his parents).
DEPARTMENTS, OFFICES AND PROGRAMS

The names of departments, offices and programs are capitalized. Capitalize the formal name of a specific department, but lower case department names in informal uses. Lowercase everything except proper nouns and adjectives (for example, the history department, the English department) or when the department is part of the formal name and cited in the complete form.

- Incorrect: The division of science held a seminar on Tuesday.
- Incorrect: The Science Division held a seminar on Tuesday.
- Correct: The City College of New York Department of History

HEADLINES

Only the first word and proper nouns are capitalized. An exception is made for the first word after a colon, which is always uppercase in headlines. Headlines should include an active verb. This prevents content from appearing outdated over time.

Decks and dropheads are treated as sentences, whether they have a verb or not. When using a deck or drophead, capitalize the first word and proper names. There is no period at the end unless more than one sentence is used.
NUMBERS

Numbers less than 10 should be written in words. For numbers 10 and higher, use numerals. If a sentence begins with a number, that number should be spelled out.

PERCENTAGES

Percent should always be used, not %.

✅ Correct: Hispanics comprise 34 percent of the student body at City College.
