of New York

VIRTUAL  
SALUTE TO

*Graduates*

**JUNE 04, 2021**

THE CITY UNIVERSITY OF NEW YORK

## PRESIDENT'S MESSAGE

**Vince Boudreau**  
*President*

Dear CCNY Graduates of the Class of 2021,

There are moments in our history that impress an indelible mark upon us, when we are called to do extraordinary things under the press of an indescribable moment. Anyone graduating in the midst of the COVID19 pandemic will be marked by this extraordinary moment. But even among that national class graduating in 2021, you are different.

We stand at the cusp of a national return from the isolation, peril and social dislocation of the pandemic. We will, all of us, be marked by these dangerous years, by what we have come through and endured, but no less, by how we rise and respond. At a time when the inequitable imprint of this scourge underscores the other inequities in our society, the City College—and those who work, study and graduate here—stand apart. You graduate from an institution established to redress inequality, an institution that insists on each generation of graduates the responsibility of scanning the social and political landscape, and setting out to rectify that which seems unfair, unjust or inequitable.

As an institution, we were made for this moment, a moment when the revival of so much that we hold dear requires the energy, insight and creativity of the whole people. As graduates of CCNY, you now shoulder the responsibility of advancing your vision of a strong and just society, as so many before you have done.

You have struggled, sometimes mightily and against long odds, to reach this day, and we revel with you in the pride of your accomplishment. You have contributed, in your questions and your ideas, to our vision, and as an institution we have adjusted that vision to account for your values and experiences. We have witnessed the flowering of your potential and expansion of your capacity.

For all of these reasons, and with sadness and joy, we now bid you farewell in the full confidence of what you will do with your gifts. Hold tight to the vision of our college, and carry it into the world as you leave. Cherish and nurture a sense of yourself as especially equipped to meet the demands of the day. Be confident in your voice, even as you venture into new and different territory. You leave our campus equipped for your professional life, with academic credentials and a full cache of skills. But you also carry a vision of a better day, and it needs constantly to be nourished by your courage and commitment.

You are the light of our lives, the fulfillment of our hopes, and our best chance at a fair and just society. I am honored to offer each and every one of you my most enthusiastic and profound congratulations.

With my warmest congratulations,

A handwritten signature in black ink, appearing to read 'V. Boudreau', written in a cursive style.

Vince Boudreau  
President

## HONORARY DEGREE

**Edward Blank**  
*Honorary Recipient*

Edward Blank is a telemarketing pioneer, having founded Edward Blank Associates, Inc. (EBA) in 1968 and served as its CEO. His successful use of the telephone as a powerful direct marketing tool helped launch the telemarketing industry. One of the first firms in the industry, EBA helped to define the industry through its innovations in training, quality control, technology, and data security. EBA became a top ten firm selling products and services from 13 call centers in the U.S. and Canada. Major clients included AT&T and Weekly Reader Children's Books. Prior to founding EBA, Ed held senior market research positions in media, advertising, and industry.

Ed received his BA in Economics from the City College of New York (CCNY) in 1957 and attended NYU Graduate School of Business. He is actively engaged as a board member of the Foundation for City College and is a member of its Finance Committee.

Ed was married to the late City College Professor, Dr. Sharon Cosloy, a member of the City College Biology faculty for 27 years and a nationally known microbial geneticist. She served as Chair of the Biology Department for 6 years. Dr. Cosloy was a prominent researcher, dedicated teacher and mentor who was loved and respected by both faculty and students alike.

To honor her memory and accomplishments, Ed has endowed an annual scholarship to support undergraduate research, a Professorial Fund to recruit and support a faculty member whose research includes microbial genetics and an annual lectureship which brings eminent scientists to the City College campus.

Ed is active in various philanthropic organizations. He is a member of the National Board of the Jewish National Fund (JNF). He formerly served as JNF's NGO Representative at the United Nations. Under JNF's auspices, Ed funded a monument in Jerusalem, The 9/11 Living Memorial, dedicated to the victims of 9/11. Ed also is a major supporter of the YIVO Institute for Jewish Research where he supports an initiative to preserve, digitize and virtually reunite YIVO's prewar library and archival collection located in New York City and Vilnius, Lithuania so that it becomes globally available for the public and academicians alike.

Ed resides in Manhattan and is a proud father of two and grandfather of three.

The City College of New York is proud to honor Edward Blank with the degree, Doctor of Humane Letters, *honoris causa*.

## KEYNOTE SPEAKER/HONORARY DEGREE

**Dr. Alondra Nelson**  
*Honorary Recipient*

Alondra Nelson, President of the Social Science Research Council and Harold F. Linder Professor at the Institute for Advanced Study in Princeton, is an acclaimed researcher and author, who explores questions of science, technology, and social inequality. She currently serves as Deputy Director for Science and Society in the White House Office of Science and Technology Policy. Nelson's books include, *Body and Soul: The Black Panther Party and the Fight Against Medical Discrimination* and *The Social Life of DNA: Race, Reparations, and Reconciliation after the Genome*. She is coeditor of *Genetics and the Unsettled Past: The Collision of DNA, Race and History* (with Keith Wailoo and Catherine Lee) and *Technicolor: Race, Technology, and Everyday Life* (with Thuy Linh N. Tu). She is an elected member of the American Academy of Arts and Sciences, the American Philosophical Society, and the National Academy of Medicine.

In addition to her numerous contributions to anthropological and sociological journals and historical studies, Nelson is exceptional for her intellectual versatility that extends to scholarship in the worlds of biology, medicine, and public health. She is a renowned and influential scholar in the field of the social studies of science and technology, most especially the sociopolitical dimensions of genetics and artificial intelligence. Nelson's work offers a critical and innovative approach to the social sciences that is conducive to a fruitful dialogue with the many disciplines. Her major research contributions are situated at the intersection of racial formation and social citizenship, on the one hand, and emerging scientific and technological phenomena, on the other. Her groundbreaking work brings together several research traditions: political sociology; racial and ethnic studies; the sociology of science, knowledge and technology; medical sociology; and social and cultural theory. She applies qualitative methodology—principally ethnography, historiography, and ethical inquiry—to the study of how conceptualizations of human difference shape lived experience, social relations, and life changes.

The City College of New York is proud to honor Alondra Nelson with the degree, Doctor of Humane Letters, *honoris causa*.

## VALEDICTORIAN

**Matthew Romano**  
*2021 Valedictorian*

Matthew Romano, an honors student who's overcome the stigma of autism to excel academically, is The City College of New York's Class of 2021 Valedictorian. The 22-year-old Bronx resident of Caribbean heritage is graduating summa cum laude with a 3.99 GPA. He'll receive a BA degree in English with a minor in education.

Talking of overcoming his challenges, Romano said: "It was only recently that I built up the courage to start undoing the straps of the straitjacket that's both cramped and cradled me for the first 22 years of my life. It's easy to lose sight of who you are when society only tells you who you're not.

"The Autism stigma, in no uncertain terms, dictated the spheres I could access and those I could only gawk at from a distance. For me, and many of my neurodivergent peers, our neurotypical counterparts always seemed a world's away and higher education bore a "do-not-enter" sign that we dared not trespass."

Inspired by CCNY's 174-year mission to serve "the children of the whole people," Romano, a member of the NYC Men Teach initiative, has been stellar in and out of the classroom. "As a future educator and proud alumni, I wear this motto both on my sleeve and near my heart to remind me of my ambition and purpose in becoming a teacher: to break barriers, extend "access to excellence," instill radical change, and broaden the scope of "the whole people," remembering to leave a deep enough imprint for others to follow."

Romano has been a student teacher since last fall at the Bronx High School of Science, one of the nine specialized high schools in the state. There he co-teaches ninth and 10th grade English classes designed for remote instruction. Working alongside Leslie Berger, Romano designs, plans, and teaches lessons to some of New York's highest achieving students. Previously, Romano served as a teaching fellow in some of the highest-need schools across the Bronx. There, he developed his teaching philosophy centered around curriculum that is rigorous, culturally and socially relevant, and promotes risk-taking.

His numerous honors at CCNY include, The Peter F. Vallone Scholarship, The Andrew W. Mellon Foundation Grant, The Paul Roberts Memorial Scholarship, The Allan Danzig Memorial Award, The Stark Award for Essay in Literature and and The Dean's List. Romano's other accomplishments include vice president of the Teachers of Tomorrow club and a CCNY Admissions Ambassador.

**Shilpa Ann Shaju**  
*2021 Salutatorian*

Shilpa Ann Shaju from the William E. Macaulay Honors College at CCNY, is the Salutatorian. A political science and international studies double major minoring in legal studies, she's graduating with a BA degree.

Shaju has been accepted to The University of California, Hastings College of the Law, in San Francisco, as a LEOP Fellow.

The daughter of Indian immigrants, Shaju said: "As a Skadden Arps. Legal Fellow at CCNY, I learned that most clients in the American legal system feel voiceless and trapped in an unfamiliar process. I would like to pursue a legal education so that I can be a guide for specifically immigrants who feel this way in the legal system, and an advocate for changing the immigration process."

In addition to her studies in the Macaulay Honors College, Shaju has worked as a legal assistant in the Manhattan law firm of Moumita Rahman, PLLC. Her responsibilities include immigration cases involving asylum, trafficking, hardship waiver and H1-B work visa applications.

"As a CCNY student, I understand how vibrant a space can become if we give others an opportunity. This is what I want to do with my legal career," said the New Hyde Park resident. "I want to open the door for others to have a chance to not only live in a safe country, but to be recognized in its law as well."

Shaju's other accomplishments include president of the Macaulay Pre-Law Club; secretary, the CCNY International Studies Club; and summer intern in the office of New York State Senator Kevin Thomas (July 2019 - Aug. 2019). Thomas is the first Indian-American to serve in the New York Senate.

## ALUMNI ASSOCIATION'S MESSAGE

**Gary Calnek**  
*President, CCNY  
Alumni Association*

Greetings and congratulations on behalf of the Alumni Association membership to the Class of 2021 and welcome as talented graduates of the City College of New York.

You and your families are justifiably proud of your graduation accomplishment. You may be the first college graduate in the family, or the first sibling. Whichever it is, your accomplishment is a source of personal and family pride.

Your degree represents the aspirations, the dreams fulfilled and validates the many sacrifices of your parents and possibly other family members. It reinforces the faith they placed in you. It establishes your achievement as a benchmark for others in your immediate and/or extended family to emulate.

It also is a personal sense of pride, confirmation, and recognition of your capabilities, as well as a harbinger of the type of success that possibly awaits you. Take time to absorb and assess this personally and celebrate the accomplishment with family.

However, your graduation has also occurred during the Covid-19 Pandemic and is somewhat bittersweet. The Coronavirus Pandemic is the equivalent of a global health tornado, upending lives, dreams, spreading sickness, sadness, economic hardship, hunger, ruin, uncertainty and even death. It has completely reordered what you thought post-graduation held for you. It has injected pervasive sadness and layered uncertainty over your plans.

You have benefited by experience how you perform under sustained stress and pressure. You know yourself better now as a result and this will be an asset as your career evolves.

Remember as a graduate of CCNY, you come from a long and distinguished tradition, dating back to 1853, when the Alumni Association was established by the first graduation class. We are the oldest alumni association connected to a public college in the U.S.

Our alums include 10 Noble Laureates. We have played a major role in shaping NYC, the state and nation. We as graduates from the CCNY are among the second largest number of alums nationwide that have moved into the middle class and above. Your place awaits you!

It is important that you confront the pandemic challenge and persevere over what now appears to be an overwhelming obstacle. Remember previous alums graduated during WWI, WWII, recessions, depressions, the Korean conflict, the Vietnam War, and the tragedy of 9/11 and became successful. These tragic events created the opportunity for graduates to use their talents to contribute to overcoming these major obstacles, improving our city, state, nation, and the world.

You are also graduating when our democracy is being seriously tested. Some citizens believe our democracy is guaranteed. That is a misperception. The strength of our representative democracy is a by-product of civic engagement by each citizen.

Besides pursuing your career, you need to become a guardian of this democracy. You must consistently cast your vote and work to protect the vote of other citizens.

The CCNY baton is now being past to the Class of 2021. I know that you are up to the challenge and will continue the proud tradition of being "New York Tough, Smart, Strong, Discipline and Loving."

We also invite you to join the Alumni Association and some of our affiliates through this link, which will increase your professional network and maintain a relationship with prior and current graduates, while perpetuating the "1853 Tradition." Your first-year membership is our gift in recognition of your graduation. Learn more at [www.ccnyalumni.org](http://www.ccnyalumni.org).

Congratulations again!!!

Gary Calnek  
President, CCNY Alumni Association

## GRADUATES & DEGREE CANDIDATES

- \*\*\* *Summa Cum Laude*
- \*\* *Magna Cum Laude*
- \* *Cum Laude*

College honors for baccalaureate degrees are conferred on graduating seniors who meet standards approved by the Academic Senate. Based on A = 4.0, the grade point averages required for honors are 3.8 for summa cum laude, 3.5 for magna cum laude, and 3.2 for cum laude. Graduation honors are computed on the basis of all college level work taken by students, including work taken at institutions other than City College. Determination of these honors is final when all work is complete.

+ School of Education graduation honors are awarded to candidates for master's degrees and advanced certificates who have a grade point average of 3.7 or higher with no grade below B, and who have exhibited high personal and professional qualities.

## A BRIEF HISTORY OF THE CITY COLLEGE OF NEW YORK

This year The City College of New York celebrates the 174th anniversary of its founding. The need for an institution like The City College was recognized as early as 1847, when the State Legislature authorized a local referendum to determine whether a public college should be established in the City of New York; at the time, the city had a population of a half-million people and two private colleges, which had high tuition and only 247 pupils. The vote was overwhelmingly in favor of the proposition, and the Free Academy was established in a new building at Lexington Avenue and 23rd Street. The doors to its first entering class opened in January, 1849, and a class of seventeen young men graduated in 1853; with friends and family members, that first commencement was too large for the chapel at the Free Academy, so it was celebrated in Biblo's beer garden.

In 1866 the name of the Free Academy was changed by legislative act to The College of the City of New York. Since then, it has been called CCNY—an unofficial designation the College retained even after its name was again changed in 1929 to The City College. Students, alumni and friends call the College, simply, "City." The college colors, lavender and black, were chosen by the student body in 1866. The beaver, symbol of intelligence, industry and determination, was voted to be the College's official athletics' mascot by a student-wide poll in 1934.

The governing body of the College, originally the Board of Education, was replaced in 1900 by a separate Board of Trustees appointed by the Mayor. In 1926, the Board of Higher Education was established to govern both City and Hunter College (founded in 1870), and subsequently the entire City University system, established in 1961. After primary responsibility for funding the University became that of New York State rather than New York City, an enlarged Board of Trustees, appointed by the Governor and the Mayor, assumed control in 1980.

The City College of New York, originally limited to undergraduate programs in classical and practical courses of study, has continually enlarged both the breadth and the depth of its offerings. Today it offers more than sixty undergraduate programs and majors and more than forty graduate programs, including PhD programs in six disciplines.

The City College moved to its present location in 1907, and now occupies a thirty-five acre Neo-Gothic and modern campus on historic St. Nicholas Heights. It is really a small university, with a College of Liberal Arts and Science and four professional schools—the Bernard and Anne Spitzer School of Architecture, the Grove School of Engineering, School of Education, and the CUNY School of Medicine (formerly the Sophie Davis School of Biomedical Education).

The City College is the nation's flagship institution of public higher education, predating the midwestern state and land-grant colleges by two decades. It is the number 2 college in the nation with the greatest success of ensuring the social mobility of our students. For more than 170 years it has been a primary avenue of advancement for generations of New Yorkers who might not have had the chance to attend college. Today it continues to fulfill the aim of its founder, Townsend Harris, who said: "Open the doors to all—Let the children of the rich and the poor take their seats together and know of no distinction save that of industry, good conduct and intellect."

### About Commencement:

The City College of New York, originally called The Free Academy, held its first Commencement in 1853 with a graduating class of 17. This year, we will celebrate the 168th graduating class, which corrects for how the College previously counted the number of graduations since 1847.

# The Alma Mater

*Lavender, My Lavender*

Sturdy sons of City College,  
Trusty hearts and mighty hands  
Rally where your streaming banner  
With its dauntless emblem stands.  
Send a cheer to Heaven Ringing  
Voicing in a fond acclaim  
Faith and pride in Alma Mater  
And her never dying fame.  
Lavender, my Lavender!  
Lavender, my Lavender!  
On the field of life's endeavor  
Bound by ties that naught can sever,  
Hail we Alma Mater ever, Lavender, my Lavender!  
Daughters wise of City College,  
Join your voices in the song.  
To the lusty cheers of brothers,  
Add your effort clear and strong.  
Send a hymn to Heaven Singing,  
Filled with love and fond acclaim,  
Faith and pride in Alma Mater  
And her never dying fame  
Lavender, my Lavender!  
Lavender, my Lavender!  
On the field of life's endeavor  
Bound by ties that naught can sever,  
Hail we Alma Mater ever,  
Lavender, my Lavender!
