### The Ephebic Oath

Gary Calnek  
President, Alumni Association

We men and women  
graduating from The City College of New York,  
do this day, after the manner of the Athenian youths of old about to enter public life  
take this oath of devotion to the City of New York:

- we will never bring disgrace to our city  
  by any act of dishonesty or cowardice  
  nor ever desert our suffering comrades in the ranks;

- we will fight for the ideals and sacred things of the city  
  both alone and with many;

- we will revere and obey the city’s laws,  
  and do our best to incite a like respect and reverence  
  in those about us who are prone to annul them  
  and set them at naught;

- we will strive unceasingly to quicken the public’s sense of civic duty;

- and thus, in all these ways, we will strive to transmit this city  
  and not only not less but greater, better, and more beautiful  
  than it was transmitted to us.

### The Alma Mater

*Lavender, My Lavender*  
led by Vocalist Nathan Ferraz (Bachelor of Music, Class of 2022)  
Accompanied by Professor Mike Holober

### Recessional

The audience is requested to remain in place until the Platform Party and Faculty have left the area.
Dear CCNY Graduates of the Class of 2022,

There are moments in our history that impress an indelible mark upon us, when we are called to do extraordinary things under the press of an indescribable moment. Anyone graduating in the midst of the COVID-19 pandemic will be marked by this extraordinary moment. But even among that national class graduating in 2022, you are different.

We stand at the cusp of a national return from the isolation, peril and social dislocation of the pandemic. We will, all of us, be marked by these dangerous years, by what we have come through and endured, but no less, by how we rise and respond. At a time when the inequitable imprint of this scourge underscores the other inequities in our society, the City College—and those who work, study and graduate here—stand apart. You graduate from an institution established to redress inequality, an institution that insists on each generation of graduates the responsibility of scanning the social and political landscape, and setting out to rectify that which seems unfair, unjust or inequitable.

As an institution, we were made for this moment, a moment when the revival of so much that we hold dear requires the energy, insight and creativity of the whole people. As graduates of CCNY, you now shoulder the responsibility of advancing your vision of a strong and just society, as so many before you have done.

You have struggled, sometimes mightily and against long odds, to reach this day, and we revel with you in the pride of your accomplishment. You have contributed, in your questions and your ideas, to our vision, and as an institution we have adjusted that vision to account for your values and experiences. We have witnessed the flowering of your potential and expansion of your capacity.

For all of these reasons, and with sadness and joy, we now bid you farewell in the full confidence of what you will do with your gifts. Hold tight to the vision of our college, and carry it into the world as you leave. Cherish and nurture a sense of yourself as especially equipped to meet the demands of the day. Be confident in your voice, even as you venture into new and different territory. You leave our campus equipped for your professional life, with academic credentials and a full cache of skills. But you also carry a vision of a better day, and it needs constantly to be nourished by your courage and commitment.

You are the light of our lives, the fulfillment of our hopes, and our best chance at a fair and just society. I am honored to offer each and every one of you my most enthusiastic and profound congratulations.

With my warmest congratulations,

Vince Boudreau
President
HONORARY DEGREE

Dr. Anthony S. Fauci, is director of the National Institute of Allergy and Infectious Diseases (NIAID) and Chief Medical Advisor to the President. As NIAID director at the U.S. National Institutes of Health, Fauci oversees an extensive research portfolio focused on infectious and immune-mediated diseases. As the long-time chief of the NIAID Laboratory of Immunoregulation, he has made many seminal contributions in basic and clinical research and is one of the world’s most-cited biomedical scientists. He was one of the principal architects of the President’s Emergency Plan for AIDS Relief (PEPFAR), a program that has saved millions of lives throughout the developing world. In 2008, President George W. Bush awarded him the Presidential Medal of Freedom, the highest civilian award in the United States, for his PEPFAR work. At the start of the Biden administration, Fauci began serving as one of the lead members of the White House COVID-19 Response Team, and as President Biden’s Chief Medical Advisor. The City College of New York is proud to honor Dr. Anthony Fauci with the degree, Doctor of Science, honoris causa.

A 1976 CCNY alumnus, Stanley Nelson is the leading contemporary documentarian of the African American experience. His films combine compelling narratives with rich historical detail to illuminate the under-explored American past. His latest documentary film is the Oscar-nominated “Attica,” with Traci A. Curry, on the 1971 prison uprising. Other recent films include the Emmy-nominated “Tulsa Burning: The 1921 Race Massacre,” with Marco Williams, “Crack: Cocaine, Corruption & Conspiracy,” and “Miles Davis: Birth of the Cool,” which was Grammy-nominated for Best Music Film in 2020. In addition, Nelson’s “The Black Panthers: Vanguard of the Revolution,” is the first comprehensive feature-length historical documentary portrait of that organization, as well as a timely look at an earlier phase of Black activism around police violence in African American communities. Nelson is a MacArthur “Genius” Fellow and received the National Humanities Medals from President Obama in 2013. The City College of New York is proud to honor Stanley Nelson with the degree, Doctor of Fine Arts, honoris causa.
Rose Mary Biju, CCNY’s Class of 2022 Valedictorian, earned her BS in biomedical science last fall. She’s currently in the CUNY School of Medicine’s (CSOM) Class of 2025 and plans a career as an emergency medicine physician among underserved populations. Biju was the recipient of numerous honors as an undergraduate. She was on the Dean’s List from her freshman year and would add to her accolades the LCU Housing Grant Award, the Rita and Howard Shapiro Memorial Award, the Dean’s Medal for Academic Excellence and, for her volunteerism, the Empress EMT Sergeant Award for Zeal. In addition to her service with Empress EMT, Biju gained clinical experience as a volunteer in summer 2019 at Samaritan Hospital in her native Kerala, India. There she worked in the emergency room tending to injured patients, and shadowing physicians. At CSOM, Biju is a Rudin Research Fellow in the Community Health and Social Medicine Department. Associate Medical Professor Nancy L. Sohler described Biju as “a stellar student, not only achieving high grades, but working impressively as a team player.” Biju said of her academic accomplishments: “My efforts are not innate talent or intellect, but rather, they are more a product of discipline, a discipline inspired by my faith, by faculty at City College and loved ones.”

When Ali Khalil landed at JFK six years ago determined to become a doctor, the biggest challenge Khalil faced was language: the new immigrant from lower Egypt could hardly speak English. So, he took additional English classes in his junior year in high school. It’s paid off remarkably in a few short years. The Astoria, Queens resident is graduating with flying colors and accolades from mentors. “Ali is the kind of smart, engaged student that makes teaching fun, and his academic record is probably in the top 3% I have ever seen at City College,” said David J. Lohman, associate professor of biology. “He is intelligent, engaging, hard-working, and selfless. These are qualities that embody the ideals of The City College of New York.” Khalil’s academic honors include Dean’s Honors List, the Ira & Cecile Weber Scholarship from the Division of Science, and the S Jay Levy Fellowship. The latter is a year-long professional development experience for academically accomplished and career-focused students. It culminates in a summer internship or research experience. Off campus, he volunteers at New York-Presbyterian Hospital Queens where he provides patients with emotional support prior to surgery and assists clinical staff with their general duties. With an interest in both oncology and cardiology, Khalil’s main goal once a medical practitioner will be “bridging the gap between research and healthcare.”
Greetings and congratulations, on behalf of the Alumni Association membership, to the Class of 2022, and welcome as talented graduates of the City College of New York.

You and your families are justifiably proud of your graduation accomplishment. You may be the first college graduate in the family or continuing a tradition. Whichever it is, your accomplishment is a source of personal and family pride.

Your degree represents the aspirations, the dreams fulfilled, and validated the many sacrifices of your parents and possibly other family members. It justifies the faith they placed in you. It symbolizes your achievement and identifies you as an example for others in your immediate and/or family to emulate.

It also represents a personal sense of pride, confirming and recognizing your capabilities, as well as a harbinger of the type of success you can achieve, when you apply yourself. Take time to absorb and value this, while celebrating it with your family.

However, your attendance at CCNY unfortunately coincided with the unwelcomed arrival of the coronavirus pandemic in 2019, upending lives, spreading sickness, economic hardship, isolation, depression, and even death.

Your graduation is even more noteworthy when the obstacles you encountered and overcame are considered: the reduced personal interactions with fellow students and faculty, while you had to remain motivated as the virtual environment was being developed.

Remember, as a CCNY graduate, you come from a long and distinguished tradition, dating back to 1853, when the Alumni Association was established by the first graduating class. We are the oldest alumni association connected to a public college in the U.S.

CCNY graduates have played a major role in shaping NYC, the state, and nation. Our alums include 10 Nobel Laureates, large numbers of corporate and government leaders, attorneys, architects, doctors, engineers, educators, scientists, etc. As graduates of CCNY, we are among the second largest number of alums nationwide that have moved into the middle class and beyond. Your place awaits you!!!

However, while professional and economic success is in your future there are other challenges that you must confront and defeat, such as: the domestic threats to our democracy, the growing prominence of lies in the public square including "the Big Lie" that the 2020 Presidential election was stolen and the January 6 assault on Congress was a peaceful event, the shameful assaults on Asian citizens, the increase in anti-Semitism, the disparate judicial treatment by race received by Black and Brown people, as well as the pending reversal of Roe v. Wade.

Our democracy is not guaranteed. The strength of our representative democracy is a by-product of citizen education and engagement. Besides pursuing your career, you need to become a continued guardian of this democracy. You must consistently vote in local, state, and national elections and protect the vote of your fellow citizens.

The baton is now being extended to the Class of 2022, for you to join your fellow alums in committing and working to leave NYC, the state, and nation better than it was transmitted to you.

We also invite you to join the Alumni Association and some of our affiliates through our webpage, which will increase your professional network and enable you to maintain a relationship with prior and current graduates, while perpetuating the "1853 Tradition." Your first year is our gift in recognition of your graduation. Learn more at www.ccnyalumni.org.

Congratulations again !!!

Gary Calnek
President, CCNY Alumni Association
College honors for baccalaureate degrees are conferred on graduating seniors who meet standards approved by the Academic Senate. Based on $A = 4.0$, the grade point averages required for honors are 3.8 for summa cum laude, 3.5 for magna cum laude, and 3.2 for cum laude. Graduation honors are computed on the basis of all college level work taken by students, including work taken at institutions other than City College. Determination of these honors is final when all work is complete.

School of Education graduation honors are awarded to candidates for master’s degrees and advanced certificates who have a grade point average of 3.7 or higher with no grade below B, and who have exhibited high personal and professional qualities.

This year The City College of New York celebrates the 175th anniversary of its founding. The need for an institution like The City College was recognized as early as 1847, when the State Legislature authorized a local referendum to determine whether a public college should be established in the City of New York; at the time, the city had a population of a half-million people and two private colleges, which had high tuition and only 247 pupils. The vote was overwhelmingly in favor of the proposition, and the Free Academy was established in a new building at Lexington Avenue and 23rd Street. The doors to its first entering class opened in January, 1849, and a class of seventeen young men graduated in 1853; with friends and family members, that first commencement was too large for the chapel at the Free Academy, so it was celebrated in Biblo’s beer garden.

In 1866 the name of the Free Academy was changed by legislative act to The College of the City of New York. Since then, it has been called CCNY—an unofficial designation the College retained even after its name was again changed in 1929 to The City College. Students, alumni and friends call the College, simply, “City.” The college colors, lavender and black, were chosen by the student body in 1866. The beaver, symbol of intelligence, industry and determination, was voted to be the College’s official athletics’ mascot by a student-wide poll in 1934.

The governing body of the College, originally the Board of Education, was replaced in 1900 by a separate Board of Trustees appointed by the Mayor. In 1926, the Board of Higher Education was established to govern both City and Hunter College (founded in 1870), and subsequently the entire City University system, established in 1961. After primary responsibility for funding the University became that of New York State rather than New York City, an enlarged Board of Trustees, appointed by the Governor and the Mayor, assumed control in 1980.

The City College moved to its present location in 1907, and now occupies a thirty-five acre Neo-Gothic and modern campus on historic St. Nicholas Heights. It is really a small university, with a College of Liberal Arts and Science and four professional schools—the Bernard and Anne Spitzer School of Architecture, the Grove School of Engineering, School of Education, and the CUNY School of Medicine (formerly the Sophie Davis School of Biomedical Education).

The City College is the nation’s flagship institution of public higher education, predating the midwestern state and land-grant colleges by two decades. It is the number 2 college in the nation with the greatest success of ensuring the social mobility of our students. For more than 170 years it has been a primary avenue of advancement for generations of New Yorkers who might not have had the chance to attend college. Today it continues to fulfill the aim of its founder, Townsend Harris, who said: “Open the doors to all—Let the children of the rich and the poor take their seats together and know of no distinction save that of industry, good conduct and intellect.”

The Alma Mater

Lavender, My Lavender

Sturdy sons of City College,
Trusty hearts and mighty hands
Rally where your streaming banner
With its dauntless emblem stands.
Send a cheer to Heaven Ringing
Voicing in a fond acclaim
Faith and pride in Alma Mater
And her never dying fame.
Lavender, my Lavender!
Lavender, my Lavender!
On the field of life’s endeavor
Bound by ties that naught can sever,
Hail we Alma Mater ever, Lavender, my Lavender!

Daughters wise of City College,
Join your voices in the song.
To the lusty cheers of brothers,
Add your effort clear and strong.
Send a hymn to Heaven Singing,
Filled with love and fond acclaim,
Faith and pride in Alma Mater
And her never dying fame
Lavender, my Lavender!
Lavender, my Lavender!
On the field of life’s endeavor
Bound by ties that naught can sever,
Hail we Alma Mater ever,
Lavender, my Lavender!
