

General Information

Environmental Health and Occupational Safety (EHOS) offers monthly safety training sessions as required for all lab personnel (but not limited to): principal investigators, laboratory technicians, graduate students, post-doctoral fellows, researchers or any visiting personnel working in a lab. It is **MANDATORY** that any individual who has not received initial training **MUST** attend EHOS safety training, **BEFORE** working in a lab on campus. Information on the respective safety trainings is presented below. Please direct any questions or concerns regarding the schedule to ehos@ccny.cuny.edu.

To register, please fill out this form. When filling out your contact information, be sure to use your CUNY e-mail account (i.e., citymail, ccny, gc, rf).

[Registration Form: Fall Session](#)

<https://forms.office.com/r/QTn23PHDdJ>

Trainings will take place in person, on campus at CCNY. Detailed location information will be sent to registered attendees prior to the date of training. Zoom meetings are only available for SafetyStratus LabcliQ training.

Fire Safety: Certificate of Fitness C-14

The City of New York Fire Department requires that all non-production chemical laboratories have a Certificate of Fitness for Non-Production Chemical Laboratories (C-14) holder to be present at all times during operation. The certificate is site specific to the City College campus and for the respective certificate holder. City College requires C-14 training to be completed once, as long as renewals of the certificates are maintained. For more information about applying for a Certificate of Fitness visit:

<https://www.cuny.cuny.edu/facilities/fdny-certificate-fitness>

OSHA Laboratory Safety Standard

This training includes information on lab standards and regulations set forth by OSHA. It includes potential hazards associated with the lab environment, along with applicable exposure control measures. City College requires the training to be completed every three years.

RCRA Hazardous Waste Management

Hazardous Waste Management (HazWaste) Training includes information pertaining to EPA regulations governing proper disposal of waste generated during research or experiments. City College requires this training to be completed annually as per EPA regulations.

SafetyStratus LabcliQ

This training provides information on the online LabcliQ platform used by the EHOS department to perform lab inspections and maintain records for regulatory purposes. The program is also used to store information on chemical inventory. Effective use of these online tools by responsible parties is necessary to maintain compliance and can assist in lab organization.

SAFETY TRAINING: Fall 2023

DATE	TYPE OF TRAINING	TIME
Tuesday October 3, 2023	Fire Safety: FDNY Certificate of Fitness C-14 – Supervision of Non-Production Chemical Laboratories	10:00 AM - 12:00 PM
Thursday October 12, 2023	RCRA Hazardous Waste Management –Awareness level	10:00 AM - 12:00 PM
Thursday October 19, 2023	Laboratory Safety – OSHA laboratory Standard 29 CFR 1910.1450	10:00 AM - 12:00 PM
Tuesday October 24, 2023	RCRA Hazardous Waste Management –Awareness level	10:00 AM - 12:00 PM
Thursday October 26, 2023	Fire Safety: FDNY Certificate of Fitness C-14 – Supervision of Non-Production Chemical Laboratories	10:00 AM - 12:00 PM
Tuesday October 31, 2023	Laboratory Safety – OSHA laboratory Standard 29 CFR 1910.1450	10:00 AM - 12:00 PM
Thursday November 16, 2023	Fire Safety: FDNY Certificate of Fitness C-14 – Supervision of Non-Production Chemical Laboratories	10:00 AM - 12:00 PM
Tuesday November 28, 2023	RCRA Hazardous Waste Management –Awareness level	10:00 AM - 12:00 PM
Thursday November 30, 2023	Laboratory Safety – OSHA laboratory Standard 29 CFR 1910.1450	10:00 AM - 12:00 PM
