

Suggested Search: Students Who Have Graduated

These searches will show students for whom the degree has been awarded in CF.

Example #1: All Colin Powell School undergraduates who have graduated.

Section	Parameter Field	Selection
Student Information	Categories (all of these)	Undergraduate; School/Division: Colin Powell School; Graduation Status – Degree Awarded (UG)
IMPORTANT	Check Box	Include Inactive

NOTE: It is important to check the box to “Include Inactive” that is located next to the blue “Search” button. This is necessary because once a student’s degree has been awarded, they are made inactive in Navigate. Without checking this box to include inactive students, you will get zero results. The student’s data will remain, but they are no longer considered active students. This also means that the student cannot access Navigate.

Example #2: All Colin Powell School undergraduates whose last term of attendance was fall 2022 and have graduated.

Section	Parameter Field	Selection
Student Information	Categories (all of these)	Undergraduate; School/Division: Colin Powell School; Graduation Status – Degree Awarded (UG)
Enrollment History	Enrollment Terms (In All of These)	2022 Fall
IMPORTANT	Check Box	Include Inactive

NOTE: It is important to understand that this search is not looking for students whose degree was awarded at the end of the fall 2022 semester. It is looking for students whose last semester of attendance was fall 2022 and have been awarded a degree. The graduation status categories are not term dependent. If a student’s last term was fall 2022, but their degree was awarded in spring 2023, they would be returned in the results of this search.
