ABOUT THE CITY COLLEGE OF NEW YORK

Since 1847, The City College of New York has provided a high-quality and affordable education to generations of New Yorkers in a wide variety of disciplines. CCNY embraces its position at the forefront of social change. It is ranked #1 by the Harvard-based Opportunity Insights out of 369 selective public colleges in the United States on the overall mobility index. This measure reflects both access and outcomes, representing the likelihood that a student at CCNY can move up two or more income quintiles. Education research organization Degree Choices ranks CCNY #1 nationally among universities for economic return on investment. In addition, the Center for World University Rankings places CCNY in the top 1.8% of universities worldwide in terms of academic excellence. Labor analytics firm Emsi puts at \$1.9 billion CCNY's annual economic impact on the regional economy (5 boroughs and 5 adjacent counties) and quantifies the "for dollar" return on investment to students, taxpayers and society. At City College, more than 15,000 students pursue undergraduate and graduate degrees in eight schools and divisions, driven by significant funded research, creativity and scholarship. This year, CCNY launched its most expansive fundraising campaign, ever. The campaign, titled "Doing Remarkable Things Together" seeks to bring the College's Foundation to more than \$1 billion in total assets in support of the College mission. CCNY is as diverse, dynamic and visionary as New York City itself.
