Lawrence S. Greengrass '73  
President, Alumni Association

We men and women  
graduating from The City College of New York,  
do this day, after the manner of the Athenian  
youths of old about to enter public life  
take this oath of devotion to the City of New York:

we will never bring disgrace to our city  
by any act of dishonesty or cowardice  
nor ever desert our suffering comrades in the ranks;

we will fight for the ideals and sacred things of the city  
both alone and with many;

we will revere and obey the city's laws,  
and do our best to incite a like respect and reverence  
in those about us who are prone to annul them  
and set them at naught;

we will strive unceasingly to quicken the public's sense of civic duty;

and thus, in all these ways, we will strive to transmit this city  
and not only not less but greater, better, and more beautiful  
than it was transmitted to us.

**The Alma Mater**

led by Vocalist Simona Daniele  
Accompanied by Professor Mike Holober

**Recessional**

The audience is requested to remain in place until the  
Platform Party and Faculty have left the area.

## PRESIDENT'S MESSAGE

**Vince Boudreau**  
President

Dear Member of the class of 2024,

Please accept my most heartfelt congratulations on this, your graduation day. For those of us who worked with you through the years, it is unbelievably gratifying to stand at your side at this moment, and watch as you move out from the campus we shared, and into the world.

Most of us will never know the full measures of the challenges you overcame to get here. We may only vaguely grasp the extent to which your years on this campus transformed your ideas, your commitments or your approach to the world. We do know that in graduating from this historic institution, you join generations upon generations of young people who came to CCNY to remake their lives, and left this campus to remake the world. You are full heirs to that legacy, and I am sure that you will bear it well.

On this campus, we have endeavored to build a community where ethics matter, where respect for diverse opinions and experiences governs our interactions, where we constantly and collectively think about what a better world would look like, and how we might call it into being. You have been asked, in class after class, to devote your mind, your ambition, and your creativity toward unknitting the most pressing questions we face as a people.

The world you enter today is fraught with challenges. We have too often been urged to regard what is unfamiliar as dangerous, to greet differences of opinion with suspicion rather than curiosity, to allow force rather than reason to govern our interactions. Your time at CCNY should help inoculate you against the temptation to pull back from a broader and more generous experience of humanity. Our work together has in fact been bounded by a singular assumption about education: that we gather a community, for each of these past 177 years, to develop a cadre of men and women who embrace challenges with bravery, welcome the unfamiliar with curiosity, and greet the hardship of others with warmth and understanding. And, in this spirit we have helped to build New York into the marvelous city it has become, and coax our human community into the light of greater empathy and understanding. This is your legacy.

You are no less equipped to act upon this vision than any generation that came before you—and now, you join them. Be wise and kind. Lean on your education. Nurture the memory of how it feels to approach new questions with an open mind and a clear head. And, in so doing, take your place among the storied and honorable rank of those who walked this path before you. And know, without the faintest specter of doubt, that we have been honored by your presence, enriched by your ideas, and uplifted by the idea of what you will accomplish for us all, in the world.

With my warmest congratulations,

A handwritten signature in black ink, appearing to read "V. Boudreau". The signature is stylized and fluid.

## HONORARY DEGREES

Vivian Gornick '57  
2024 Honorary Recipient

Journalist, essayist, critic and memoirist Vivian Gornick '57 is the keynote speaker at The City College of New York's 171st commencement ceremony on May 31.

Gornick has achieved renown and has garnered many accolades for her work since she graduated from CCNY. A prominent feminist, she has authored 11 books, including 1987's *Fierce Attachments: A Memoir*, which was selected in 2019 as The New York Times' Best #1 Memoir of the Past 50 Years. The book was widely acclaimed for its emotional honesty and vivid portrayal of tenement life in the Bronx of the 1950s. She has also published numerous essays and works of criticism.

She has been honored for her work, has been a fellow at the Radcliffe Institute at Harvard University, and has served as the Bedell Distinguished Visiting Professor in the University of Iowa's Nonfiction Writing Program.

Gornick also completed her MA in Literature at New York University in 1960 and subsequently pursued doctoral studies at the University of California, Berkeley.

Being the child of parents she called "urban peasants," Gornick believes that she and thousands of others like her attended The City College of New York during a "golden age" in which one "lived with a strong sense of the life of the mind." Her attachment to CCNY remains deep after so many decades; she is currently at work on a memoir about her years at the College.

In 2023, she also received the Townsend Medal from the Alumni Association of the City College.

The City College of New York is proud to honor Vivian Gornick with the degree, Doctor of Humane Letters, *honoris causa*.

## VALEDICTORIAN & SALUTATORIAN

**Viren Sehgal**  
*2024 Valedictorian*

Viren S. Sehgal, a stellar student at CUNY School of Medicine, has been named The City College of New York's Class of 2024 Valedictorian, having achieved a remarkable 4.0 GPA in his undergraduate biomedical science degree. Born to Indian immigrant parents in Queens, Sehgal's journey at CCNY began with two and a half years of remote learning, during which he consistently excelled in his classes alongside his freshman peers. His academic excellence continued as he completed the Sophie Davis Biomedical Education program with a perfect GPA in September 2023, seamlessly transitioning to CUNY Med. Alongside his studies, Sehgal has garnered numerous honors, including the prestigious Dr. Yick Moon Lee Scholarship, and has been actively engaged in student leadership roles, internships at esteemed institutions like the Melanoma Research Alliance and Rockefeller University, and volunteer work as an EMT. On campus, Sehgal has been an integral part of CUNY Med, serving as President of the Sophie Davis Student Government, a teaching assistant, and an Ambassador. Rooted in his multigenerational upbringing, Sehgal values diversity of thought and a thirst for knowledge, driving his motivation to solve problems collaboratively and gain a global perspective. His dedication to academic excellence, leadership, and community service exemplifies the ethos of CCNY and inspires his peers as he looks toward earning his medical degree in 2027.

**Hannah Khanshali**  
*2024 Salutatorian*

Hannah Khanshali, graduating with a BS in biology and a flawless 4.0 GPA from Macaulay Honors College, Division of Science, emerges as the Salutatorian. With a lineage rooted in CUNY—her mother is an alumna of the College of Staten Island—Khanshali initially aspired to a veterinary career, gaining invaluable experience in veterinary medicine at The Animal Medical Center. However, her junior year epiphany redirected her toward molecular biology research. Now, with a BS in biology and a minor in chemistry, she contemplates delving into immunology or cell molecular biology, particularly focusing on cancer research. Khanshali's journey has been marked by substantial research experience, including internships at Columbia University's Irving Institute for Cancer Dynamics and joining CCNY professor Daniel Keedy's lab for a postbaccalaureate bio-preparedness project. Notably, her exceptional academic record, recognized with Dean's List honors each semester, led to accolades such as the Macaulay Honors Horace W. Goldsmith Scholarship and the S Jay Levy Fellowship 2023 co-Valedictorian title. Balancing her scientific pursuits with a passion for the arts, Khanshali utilized scholarship funds for a photography class in Florence, Italy, demonstrating her multifaceted interests. Hailing from a diverse Yemeni and Irish-Italian background in Staten Island, Khanshali embodies academic excellence, research dedication, and a vibrant intersection of artistic and scientific exploration.

## A BRIEF HISTORY OF THE CITY COLLEGE OF NEW YORK

This year The City College of New York celebrates the 177th anniversary of its founding. The need for an institution like The City College was recognized as early as 1847, when the State Legislature authorized a local referendum to determine whether a public college should be established in the City of New York; at the time, the city had a population of a half-million people and two private colleges, which had high tuition and only 247 pupils. The vote was overwhelmingly in favor of the proposition, and the Free Academy was established in a new building at Lexington Avenue and 23rd Street. The doors to its first entering class opened in January, 1849, and a class of seventeen young men graduated in 1853; with friends and family members, that first commencement was too large for the chapel at the Free Academy, so it was celebrated in Biblo's beer garden.

In 1866 the name of the Free Academy was changed by legislative act to The College of the City of New York. Since then, it has been called CCNY—an unofficial designation the College retained even after its name was again changed in 1929 to The City College. Students, alumni and friends call the College, simply, "City." The college colors, lavender and black, were chosen by the student body in 1866. The beaver, symbol of intelligence, industry and determination, was voted to be the College's official athletics' mascot by a student-wide poll in 1934.

The governing body of the College, originally the Board of Education, was replaced in 1900 by a separate Board of Trustees appointed by the Mayor. In 1926, the Board of Higher Education was established to govern both City and Hunter College (founded in 1870), and subsequently the entire City University system, established in 1961. After primary responsibility for funding the University became that of New York State rather than New York City, an enlarged Board of Trustees, appointed by the Governor and the Mayor, assumed control in 1980.

The City College of New York, originally limited to undergraduate programs in classical and practical courses of study, has continually enlarged both the breadth and the depth of its offerings. Today it offers more than sixty undergraduate programs and majors and more than forty graduate programs, including PhD programs in six disciplines.

The City College moved to its present location in 1907, and now occupies a thirty-five acre Neo-Gothic and modern campus on historic St. Nicholas Heights. It is really a small university, with a College of Liberal Arts and Science and four professional schools—the Bernard and Anne Spitzer School of Architecture, the Grove School of Engineering, School of Education, and the CUNY School of Medicine (formerly the Sophie Davis School of Biomedical Education).

The City College is the nation's flagship institution of public higher education, predating the midwestern state and land-grant colleges by two decades. It is the number 2 college in the nation with the greatest success of ensuring the social mobility of our students. For more than 170 years it has been a primary avenue of advancement for generations of New Yorkers who might not have had the chance to attend college. Today it continues to fulfill the aim of its founder, Townsend Harris, who said: "Open the doors to all—Let the children of the rich and the poor take their seats together and know of no distinction save that of industry, good conduct and intellect."

### ABOUT COMMENCEMENT

The City College of New York, originally called The Free Academy, held its first Commencement in 1853 with a graduating class of 17. This year, we will celebrate the 171st graduating class, which corrects for how the College previously counted the number of graduations since 1847.

# The Alma Mater

## *Lavender, My Lavender*

Sturdy sons of City College,  
Trusty hearts and mighty hands  
Rally where your streaming banner  
With its dauntless emblem stands.  
Send a cheer to Heaven Ringing  
Voicing in a fond acclaim  
Faith and pride in Alma Mater  
And her never dying fame.  
Lavender, my Lavender!  
Lavender, my Lavender!  
On the field of life's endeavor  
Bound by ties that naught can sever,  
Hail we Alma Mater ever, Lavender, my Lavender!  
Daughters wise of City College,  
Join your voices in the song.  
To the lusty cheers of brothers,  
Add your effort clear and strong.  
Send a hymn to Heaven Singing,  
Filled with love and fond acclaim,  
Faith and pride in Alma Mater  
And her never dying fame  
Lavender, my Lavender!  
Lavender, my Lavender!  
On the field of life's endeavor  
Bound by ties that naught can sever,  
Hail we Alma Mater ever,  
Lavender, my Lavender!
