City Facts Fall 2015 Part II
Assessment, Faculty & Sponsored Program $'s

CITY FACT 2015 PART II
ACKNOWLEDGMENTS

Thanks to the people who helped with City Facts:

Ariel Cohn - Manager of Information Systems in the CUNY Office of Institutional Research & Analysis [OIRA] - and CUNYFIRST guru. Without her work on the CUNY Instructional Research Data Base [IRDB] all City Facts editions would be impossible.

Rodel Sena – CCNY's Director of Application Development Services - for his tolerance of my far too many questions and for directing me through the overwhelming CUNYFIRST SQL tables and their coding.

Alan Shih Grants and Sponsored Programs Director for Grants and Sponsored Programs for providing the Sponsored Program $'s: 2005-2006 to 2014-20165 data.

Ed Silverman, Director
Institutional Research Office
March 2016

CITY FACTS 2015 Part II is a new publication of the Institutional Research Office (IR). Why a new publication? If the information in it were to be included in the City Facts 2015 with its 25 tables each with a decade of information – your coffee would be cold before it down loaded.

It has these 8 tables:

Fall-to-Fall Retention 2005-2014 Full-time, First-time BACHELOR'S Seeking Freshmen Retained

Fall-to-Fall Retention Full-time, First-time Degree Seeking Transfer Students Retained in CCNY and Other CUNY Colleges 2005-2014

2000-2009 First-time, Full-time Freshmen Six-Year BACHELOR
Degree Seeking Graduation Rates for SEEK and Regular

2000-2009 First-time, Full-time Graduation Rates for
Transfer Students Seeking a BACHELOR Degree

CCNY First-time, Full-time Freshmen 10 Year Retention and Graduation Rates in Bachelor Programs

2004-2016 Sponsored Programs

Faculty by Department, Title by Gender as of 3/7/2016

Non-Faculty by Department, Title & Gender as of 3/7/2016

Data Sources and Interpretation of the Statistical Tables

City College Graduation Data come from information in the CUNY OIRA IRDB. Like the Show Data, the Records and Registration Office each semester submits to the CUNY Central Office a "fixed" or "frozen" data file of CCNY graduates. It is the CUNY Central Office's official enrollment statistical source in preparing reports for the New York State Education Department (NYSED), the National Center for Education Statistics (NCES), the Integrated Postsecondary Education Data System (IPEDS) as well as reports for other government agencies. These CUNY Office of Institutional Research and Analysis (OIRA) IRDB data is the source for *CITY FACTS* tables and graphs showing our graduation information.

Postsecondary Graduation Rates*

The graduation rate is calculated as the total number of students (full-time first-time Bachelor's -or equivalent-degree-seeking undergraduates) who completed a degree within 150 percent of the normal time to degree attainment divided by the number of students in the initial cohort.

Specifics:

1) Of the initial cohort, how many completed the program in four years or less

2) Of the initial cohort, how many completed the program in more than four years but in five years or less

3) Of the initial cohort, how many completed the program in more than five years but in six years or less

4) Total graduating within six years (sum of 1-3 above)

5) Six-year graduation rate for the cohort (Total graduating within six years divided by the total number in the initial cohort)

Integrated Postsecondary Education Data System (IPEDS) A U.S. Department of Education database collected by the U.S. Department of Commerce, Bureau of the Census, for the National Center for Education Statistics (NCES). Students who registered, but withdrew prior to the end of the third week in the semester are excluded. Changes made by Records and Registration after the third week, are not reflected in these tables.

*SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data.

To see the complete terms and definitions used by IPEDS go to:

http://www.wou.edu/ucs/institutional-research/ipeds-glossary/

Class standing is based on total cumulative credits earned prior to the present semester. This creates the following groups of students:

Freshmen	0-30
Sophomores	31-60
Juniors	61-90
Seniors	91-120+
Graduate	0-36+

When the degree indicator shows the student is enrolled in a degree program, but class level is missing, the student is classified as a freshman.

The ethnicity information in City Facts uses the CUNY OIRA Institutional Research Data Base's data. Many students do not report their ethnicity, but for a number of reasons it is important to have reasonably accurate information of the actual number of students in each ethnicity category. To this end, CUNY OIRA uses a federally approved algorithm to impute ethnicity for students with missing ethnicity information. For example, supposed we have six ethnicity categories (Asian, Black, Hispanic, Native American, White, Foreign) and no information about X's ethnicity. Guessing at X's ethnicity at random carries a 16.67% probability of arriving at her actual ethnicity. Using the CUNY OIRA's algorithm based on name, address, high school and other known information, there is a 75% probability of arriving at X's actual ethnicity. For large enough groups, the numbers of students in each ethnicity category come close to the actual numbers because errors cancel each other out to a large extent.

For the 2010-2011 school year, IPEDS required Educational institutions to implement new data reporting. The new and old ethnicity report categories are:

Current IPEDS Reporting Categories	New IPEDS Reporting Categories
1) Non-Resident Alien 2) Race and Ethnicity unknown 3) Black, non-Hispanic 4) American Indian/Alaskan Native 5) Asian/Pacific Islander 6) Hispanic 7) White, non-Hispanic	1) Nonresident Alien 2) Race and Ethnicity unknown 3) Hispanics of any race For non-Hispanics only: 4) American Indian or Alaska Native 5) Asian 6) Black or African American 7) Native Hawaiian or Other Pacific Islander 8) White 9) Two or more races

CUNY OIRA Has not, as yet, implemented the new categories for CUNY graduating cohorts.
