

CCNY Department of Biomedical Engineering

Grove SCHOOL OF ENGINEERING

(ChE) Application Form Biomedical Engineering Concentration

Instructions

Return your application to Dr. Payton, Room T-403A

The Complete Application consists of the following documents:

1. This form.
2. Your resume.
3. A one-page typed statement describing your interest in biomedical engineering.

Name: _____ ss#: _____

Current address: _____

Home Phone Number : (_____) _____

Work Phone Number : (_____) _____

E-mail: _____

Major/minor: _____

GPA: _____/4.00 Number of credits as of June 1st _____

Do you have any previous research experience? Yes No

If so, list projects and mentors _____

(over)

Have you taken any of the following BME concentration courses?

Course	Title	Yes	No	If Yes, Grade
BIO 32100	Physiological Processes: Mechanical, Transport, and Immune Systems			
ENGR 30000	Social, Economic, and Cultural Impact of Biomedical Technology			
Two of the courses below:				
BME 50100	Cell and Tissue Mechanics			
BME 50200	Cell and Tissue Transport			
BME 50300	Cell and Tissue Biomaterial Interactions			
ChE 580	Bioprocess Engineering			
BME 504	Cell and Tissue Engineering			
ChE 512	Pharm Application for ChE			

What do you plan to do after graduation?

List two School of Engineering professors who can evaluate your ability and potential:

	<u>Name</u>	<u>Department</u>	<u>Telephone</u>
1.	_____	_____	_____
2.	_____	_____	_____
