

PRESIDENT'S AWARD FOR EXCELLENCE

City College places a high value on student success and interdisciplinary student learning through the integration of research/scholarship and teaching. Our faculty members are crucial in ensuring the quality of the student experience while the student is in pursuit of his/her degree.

This award recognizes both the creativity and commitment of a faculty member and the impact that he or she has had on student learning through a combination of innovative approaches in mentoring, research, teaching and/or scholarship.

Nature of the Award and Eligibility

The President's Award for Excellence is an annual award granted to individual faculty members whose creativity and commitment to student learning improves the learning experiences that students have in multiple disciplines at City College. This award recognizes the important relationship between research and the undergraduate and graduate experience and involves joining faculty with student research so that there is a seamless connection between the scholarship and the teaching experience. This award recognizes faculty members for their innovative approaches in mentoring, research, teaching, scholarship and serving as exemplary models for excellence in scholarship, teaching and student success.

The President's Award for Excellence is intended to annually recognize up to three faculty members in the College who have demonstrated extraordinary service to students, to scholarship and to the College. To be eligible for the award, the faculty member must have a minimum of five consecutive years of full-time service with City College.

Recognition Associated with the Award

The President will announce the recipient(s) of the President's Award for Excellence through a personal letter and a memo to the entire City College community.

Each spring, the President will host a Faculty Recognition reception and invite all faculty members to attend. In addition, his/her name will be inscribed on a plaque which will be displayed in a prominent position in the Hall of Presidents, Shepard Hall. A special communication from "The Desk of the President" will be published recognizing the faculty member(s).
