**WHO MAY APPLY**

In addition to the eligibility criteria noted above, at a minimum, all applicants must:
- Be currently enrolled as an undergraduate CE student at CCNY,
- Have successfully completed three or more CE courses (completed at least 9 CE credits),
- Have a minimum GPA for CE courses of 2.7, and
- Not be planning to graduate at the end of the current semester.

**HOW TO APPLY**

You can apply in both the Fall and in the Spring, and in multiple years, provided that you meet the eligibility criteria each time you apply. By submitting one application, you will be considered for all available awards at the time of your application.

To apply, submit a hardcopy of your application (next page), 500 word essay, and current transcript to Ms. Linda Smith in Steinman Hall Room 135 by Monday, March 2, 2015, at 5pm. Your application will not be considered if it is incomplete (examples: missing QPA, essay not address all required points).

**SELECTION OF AWARDEES**

Applicants who meet the eligibility criteria and who complete all 3 parts of the application will be seriously considered. Awards will granted based on academic performance, service to the CE Department and the school, and need, in that order.

**WHAT IS EXPECTED OF AWARDEES**

Awardees may be expected to attend a dinner function, or simply to write a thank you letter.

---

* The award amounts and the numbers of students to be awarded may be changed. Each award amount will be split equally between the students.

** Applicants must also meet the general requirements listed under “Who may apply”.
