Successful strategies

edTPA Orientation

What is the edTPA?

- **ed**ucative

- **T**eacher

- **P**erformance
 - Planning   (Task 1)
  - Teaching   (Task 2)
  - Assessment   (Task 3)
  - Analysis of teaching
  - Academic Language

- **A**ssessment   (Task 4)

Two possibilities for Elementary Education – Choose one

- Elementary Education: Literacy with Mathematics Task 4

  Literacy: Task 1, 2, 3 and Math Task 4

- Elementary Education: Mathematics with Literacy Task 4

  Math: Task 1, 2, 3 and Literacy Task 4

Literacy with Mathematics Task 4

- **For Elementary Literacy Tasks** (Tasks 1, 2, 3)
  - Cycle of teaching that includes planning 3 – 5 lessons, teaching these lessons (10 – 20 minutes of video of your teaching), analyzing your teaching, and assessing student learning.

- **For Elementary Mathematics Task** (Task 4)
  - Focused on student learning in mathematics, using 3 – 5 planned lessons and a re-engagement lesson that addresses students' learning needs.

Mathematics with Literacy Task 4

- **For Elementary Mathematical Tasks**   (Tasks 1, 2, 3)
  - Cycle of teaching that includes planning 3 – 5 lessons, teaching these lessons (10 – 20 minutes of video of your teaching), analyzing your teaching, and assessing student learning.

- **For Elementary Literacy Task**   (Task 4)
  - Focused on student learning in literacy, using 3 - 5 planned lessons and a re-engagement lesson that addresses students' learning needs.

Successful Strategies

- Review the two edTPA handbooks for Elementary Education

- Which area do you have more confidence and skill – literacy or math?
  - If literacy, pursue Elementary Education: Literacy with Mathematics Task 4
  - If math, pursue Elementary Education: Mathematics with Literacy Task 4

- Become familiar with the edTPA (read handbook pp. 1 – 10, explore [edTPA Website](#),

- When you know your placement, begin your edTPA work

  Context for Learning (pp 51 – 56)

- Create an on-going writing/support group for the edTPA

- Carve out 2 – 3 hours **each week** to draft a portion of your edTPA

+ Support

- Student Teaching Seminar

- Cooperating Teacher

- College Supervisor

- Colleagues who have completed the edTPA

- Colleagues who are working on the edTPA

- Past courses that familiarized you to edTPA
  (EDCE 32200, EDCE 6100C, EDCE 3000F, etc.)

+ Support

- Multi-media Center (NAC 4/221 and NAC 4/216)
  - Computer lab dedicated to Education Students
  - Can borrow recording devices (video camera, tripod, microphone)
  - Can provide technical support

- Learning Resource Center (NAC 3/226)
  - Computer lab dedicated to Education Students
  - Location of edTPA handbooks
  - Space for student group work

+ Questions

- edTPA related questions?
