PREFACE

CITY FACTS 2017 describes CCNY student demographics. It is an annual publication of the Institutional Research Office (IR). Most of its twenty-five tables have a decade of information.

Student Data: The Past Decade
Here are Fall semester enrollment trends and other student data. Total student data comes first followed by undergraduate, graduate - Masters and Engineering Ph.D. students - the CUNY Grad Center gets credit for our other PHD students.

Appendix with City Facts II Tables. There will be no editions of City Facts II henceforth.

Notes
Context-specific references are in each table and graph in CITY FACTS.
Sources give details on how CUNY treats statistical enrollment and course data.
