College Overview

The City College of New York's Department of Public Safety prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policies and Crime Statistics Act. This report has been prepared in cooperation with local law enforcement agencies whose areas of operations include the campus.

Each year, all enrolled students, faculty and staff receive a "Notice of Annual Security Report Availability" via email with the direct electronic access link to the report indicated. Copies of this report may also be obtained at the Public Safety Office located in the NAC room 4/201 or by calling (212) 650-6911.

To access the electronic version of this report visit our web site: <http://www.ccnycunyc.edu/safety/report.cfm>

City College of New York's Annual Security Report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings owned or controlled by the City College of New York's; and on public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, alcohol, and drug use, crime prevention, reporting of crimes, sexual assault, and other matters.

The campus is located in Manhattan, a borough of New York City with an overall city-wide population of approximately eight million. The City College is a component of The City University of New York. The City College offers Bachelor, Master, and PhD degree programs.

The College enrolls approximately 15,500 students who attend day and evening classes. In addition, the college, through the Office of Continuing Education serves thousands of multi-cultural individuals during the academic year.

The college employs approximately 3,709 full-time faculty /staff

Crime Reporting Procedure

Faculty, staff, students, and others who may be on campus or on the contiguous geographic perimeter of the campus are encouraged to promptly report any past crime, attempted crime, or actual criminal activity to the Department of Public Safety. The department will expeditiously respond to the condition reported and make necessary notifications to the local police precinct. Criminal activities, as well as other emergencies, can be reported by:

1. Calling the Department of Public Safety's emergency telephone line (212-650-6911) or Extension 6911 may be dialed within the college's telephone system.
2. Using the Emergency Assistance call boxes located at various sites throughout the campus.
3. Reporting the information to any member of the Department of Public Safety or in person at the Public Safety Office located in NAC 4/201.
4. All counselors are strongly encouraged when they deem it appropriate to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

5. Victims or witnesses may report crimes to persons designated as Campus Security Authorities, who will then forward only the report of the crime to the Department of Public Safety for inclusion in the annual crime report.

The College recognizes the importance of confidentiality to victims and witnesses of crimes. For the purposes of providing crime statistics pursuant to the Campus Security Act in the College's annual crime report, victim and witness information will remain anonymous. However, complete confidentiality cannot be guaranteed in all other contexts. The College reserves the right to notify the police when it believes that such reporting is necessary for the protection of the College community. In many cases, however, that notification will be done without divulging the victim's identity and will be done only for the purpose of providing a campus-wide safety alert.

6. In the event that the situation you observe or are involved in is of an extreme or life-threatening nature, call 911, the New York City Police Department's emergency phone number. If you make a 911 calls please also notify the Department of Public Safety by (212) 650-7777. They will also respond to assist and direct the police and other emergency personnel to the reported emergency. The college has the right, as does every person enrolled or employed by the college, to directly consult with, or make complaints to the NYPD or any other agency. The CCNY Department of Public Safety will assist in the facilitation of direct notification to the NYPD if requested.

7. **Hate Crime and Bias-Related Incidents:** Bias or hate crimes are crimes motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, color, creed, national origin, ethnicity, ancestry, religion, age, sex, sexual orientation, gender, gender identity, disability or alienage. Bias-related incidents are behaviors which constitute an expression of hostility against the person or property of another because of the targeted person's race, color, creed, national origin, ethnicity, ancestry, religion, age, sex, sexual orientation, gender, gender identity, disability or alienage. According to New York Penal Law Section 485, a person commits a hate crime when he or she commits a specified criminal offense and either:

(1) intentionally selects the person against whom the offense is committed or intended to be committed in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct, or

(2) Intentionally commits the act or acts constituting the offense in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct.

Examples of hate crimes may include, but are not limited to: threatening phone calls, hate mail (including electronic mail), physical assaults, vandalism, destruction of property, and fire bombings.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous conviction of the offender. Students, staff or faculty who commit bias crimes are also subject to University disciplinary procedures and a range of sanctions up to and including suspension, expulsion or termination of employment. In order to effectively handle incidents of bias related crimes and prevent future occurrences of such crimes, victims or witnesses of a hate crime are encouraged to immediately report incidents in the manner described above. Victims of bias crime can also avail themselves of counseling and support services through the Office of Student Services.

The College updates and advises the campus community about security procedures, including those related to hate crime, via the Annual Security Report.

Investigation of Violent Felony Offenses

In accordance with New York State Education Law, the College maintains a plan for the investigation of violent felonies, which includes coordination with appropriate law enforcement agents. In addition, in compliance with New York State Law and subject to applicable federal law, including, but not limited to, the federal Campus Sexual Assault Victims' Bill of Rights under Title 20 U.S. Code 1092 (f) which gives the victim of a sexual offense the right to decide whether or not to report, the College will notify the appropriate law enforcement agency within 24 hours of receiving a report of a violent felony. CCNY's Public Safety Department will also work closely with the appropriate law enforcement agencies during any investigation.

Daily Crime Log

The College maintains a daily crime log. The crime log is located at the Public Safety Office. The purpose of the log is to maintain a record of reported criminal incidents and alleged criminal incidents. Incidents on campus, on public property adjacent to the campus, in campus controlled residential buildings and in non-campus college buildings are included. The log includes the date the crime was reported, the date and time the crime occurred, the nature of the crime, the general location of the crime and the disposition of the crime, if known. The log is available for your inspection at NAC room 4/201 during regular business hours. It is in paper format. The log contains incidents occurring within the last 30 calendar days. If you wish to examine logs pre-dating this 30 day period, your request may be made to the office of Public Safety. These requests will be honored within the next two regular business days.

Public Safety and Security Services

The City College's main campus grounds, the contiguous geographic perimeter of the main campus, the off-campus sites, the entry gates, and the parking areas are patrolled on a 24-hour basis by Public Safety Officers. Public Safety Officers are sworn New York State Peace Officers under Criminal Procedure Law 2.10 subsection 79 and have the power to make arrests.

Peace Officers serve primarily as a deterrent force but are fully trained to take action in the event a crime is committed. The Division of Student Affairs handles disciplinary actions for minor offenses and violations against City College rules and regulations.

The personnel of the Public Safety Office are available for consultation, advice and guidance on security related matters. Any situation requiring police intervention is referred to the proper authorities at the local precinct. The department consists of Peace Officers assigned to patrol the campus and its surroundings.

Additionally, the College employs Campus Security Assistants who are assigned to parking lots and other fixed posts. Campus Security Assistants are licensed as NYS Licensed Security Guards and do not have arrest powers (outside of the powers of a private citizen).

CAMPUS SECURITY ESCORT

A member of the Public Safety staff may escort off of the premises as far as the subway entrance on our block or directly across the street.

Working Relationship With Other Law Enforcement Agencies

The City University of New York has Memorandums of Understanding with the NYPD for emergency, non-emergency and investigative response

The NYPD 26th precinct includes the City College of New York's campus within its area of operations in its entirety. The 30th police precinct abuts the northern border of the campus. Members of the CCNY Department of Public Safety meet regularly and/or on an as needed basis with the respective commanding officers from each precinct to discuss all crime patterns in and around the campus.

The NYPD and FDNY are extremely responsive to any conditions on or near the campus that require their services. The NYPD works closely with CCNY Public Safety in all matters involving:

- Violent threats or actions
- The actual or reported possession of dangerous weapons
- Any felonious or victimizing crimes

The City College has excellent working relationships with the New York State and New York City Police Department which allows the College to be informed of crimes reported directly to the NYPD.

Police Department statistics, as well as those compiled by our own Department of Public Safety, indicate that the City College campus is safer, or at least as safe, as that of other comparable institutions in the New York City. The College continues to work in close collaboration with the local NYC Police Precincts to achieve and maintain this goal.

The Department of Public Safety is constantly seeking new ways to enhance and expand security on campus so that all members and visitors of the City College community can enjoy campus life without unreasonable preoccupation with safety issues. Please feel free to contact the office if you have any ideas, questions and/or suggestion that will make the campus a safer and more secure environment.

Off-Campus Organizations Crimes and Safety Hazard Monitoring

The City College of New York does not have any recognized off-campus student organizations or housing facilities.

Emergency Notification & Response

CUNY ALERT

The City College participates in the University-wide **CUNYALERT** System (<http://www.cuny.edu/news/alert.html>). Upon activation by the College; this system sends messages during emergency events via email, text message and telephone (land-line/cellular). This system is tested monthly for administrative users and one (1) full scale test of the system to all users (students/faculty/staff) annually. New students and employees are encouraged to register for CUNYALERT at orientations. If you have trouble registering, visit the IT help desk located in NAC 1/301. A notification will be sent upon confirmation of a significant emergency (unless such notification presents an undue safety risk).

Timely Warnings To Members of The Community

The issuance of Timely Warnings is made by the Public Safety Director in consultation with the College President. When it is appropriate, the City College of New York will issue immediate notification of public safety issues via the public address system, electronic mail and, if necessary will place notices in staff and student mailboxes. The issuing of a timely warning is ultimately the decision of the Public Safety Department. Depending on the time sensitivity of the incident, the issuance of the Timely warning may be made outside of the Committee framework. The City College of New York is a participant in the CUNY Alert system. Operated under the auspices of the New York State Emergency Management Office, CUNY Alert allows subscribers to receive messages of import regarding safety via email, cell and landline, text message or in any combination thereof. Signing-up is as easy. These notifications are issued when the campus operations are adversely affected by manmade or natural incidents. Access the University website at www.cuny.edu/alert

Emergency Evacuation and Fire Drills

The College conducts evacuation and fire drills three (3) times per year for all buildings. On occasions drills may be unannounced. During drills, building occupants are familiarized with campus evacuation procedures. Each building has assigned fire/evacuation floor wardens who provided training and direction to the College community during drills and actual emergency events.

Immediate Emergency Response and Evacuation Procedures:

Depending on the particular circumstances of a situation that could pose an immediate threat and/or substantial disruption to the College community, the Department of Public Safety may also issue a notice through the CUNY- Alert system and/or post a notice on the City College web site at www.ccnycuny.edu in addition to the methods noted above unless issuing the alert will compromise the situation.

The CUNY-Alert warning will be sent to all those registered (public access is available) to receive alerts by email, text messages and/or mass dialers. This methodology will supplement the campus based methods noted above.

Each building has an emergency evacuation plan which includes egress routes and exterior areas of assembly. These evacuation plans are posted at all elevator locations within the buildings. In addition, emergency procedures posters are displayed in the public areas of offices and on the public safety web site.

All occupants of a building are made aware of routes of egress during scheduled fire drills on a building by building basis. Campus Peace Officers are trained on evacuation procedures as are selected civilian staff members. Officers are issued specific assignments each tour in the event of an emergency or campus lock down. Emergency evacuations and/or building lockdowns may occur at a single location and/or multiple locations simultaneously. Consequently, the utilization of a campus-wide alert is only initiated after a careful and deliberate process is completed and when issuing an alert will not compromise the situation.

PUBLICATION OF PROCEDURES

Emergency response and evacuation procedures are published annually via Annual Security Report. This report is updated as needed throughout the year. Hardcopies of this report are available in the Public Safety Office, NAC room 4/201.

Public Safety Awareness & Crime Prevention Programs

The Department of Public Safety issues safety alert bulletins when deemed necessary and provides Timely Warning Notices (paper/electronic form) to the campus community when serious crimes occur in areas on or near the campus. The department maintains a relationship with the New York City police precincts that are responsible for the public safety of the campus and its surrounding areas. All persons reporting crimes to the Department of Public Safety are encouraged to promptly report the incident to the local police precinct concerned. A record of each report made to the local precincts is maintained as part of the Public Safety Department's annual statistical report.

All Members of the College community are encouraged to attend crime prevention seminars that are conducted by the Public Safety Department. Crime prevention seminars are scheduled each semester and members of the College community are encouraged to actively participate in their own safety and the safety of others.] All incoming students receive information about campus crime prevention programs during initial orientation meetings.

In addition to the above, the Department of Public Safety offers other crime prevention/safety awareness programs including:

- The Office of Public Safety maintains a Crime Prevention information station during student club hours each Thursday between 12 noon and 2pm when school is session.
- The NYPD's crime prevention section provides seminars in crime prevention on relevant topics when requested by the Office of Public Safety.
- The staff of the Office of Public Safety presents bi-annual seminars to inform members of the College community about safety techniques and public safety procedures.

All of the above events are communicated to the College community through emails and postings.

All public safety personnel, while on patrol, report potential safety and security hazards as well as entry door problems and elevator malfunctions.

ANNUAL FIRE SAFETY REPORT-THE TOWERS

- Last page of this document includes the Annual Fire Report Statistics

FIRE EMERGENCY PLAN

Floor wardens and searchers are designated to serve specific areas of the building. When appropriate, they will be activated. They are trained in the use of the buildings Class E fire command system telephones. Their job is to facilitate evacuations and common space assembly of all kinds and to pass information to the fire safety command station. Please heed their directions. When fire alarms ring, please make note of the announcement that immediately follows. It will provide you with instructions on where to assemble. If a false alarm occurs, an "all clear" announcement will follow via the fire command response system. Treat all fire alarms as real unless otherwise directed by the floor wardens or members of the public safety staff. Below are general guidelines for dealing with a fire. But remember, **WHEN IN DOUBT CALL 911 OR ACTIVATE A PULL STATION.**

1. Be familiarized with the location of stairways, fire extinguishers, fire exits, and pull boxes in building.
2. If a minor fire appears controllable, immediately contact (personally or preferably have someone else call) the Department of Public Safety at ext. 7777. Locate a portable fire extinguisher. Then promptly direct the discharge of the fire extinguisher toward the base of the flame by squeezing the trigger and moving the hose in a side-to-side motion. Do not use water extinguishers on electrical fires.
3. If an emergency exists, activate the building's fire alarm system by releasing a fire pull station.
4. In the case of large fires that do not appear controllable, immediately activate a fire pull station and, if time permits, call ext.7777 to report the exact location of the fire. If time permits, close the door of the room where the fire exists.
5. When the building evacuation alarm is sounded, always assume that an emergency exists. Touch closed doors; do not open them if they are hot. If the door is cool, brace yourself behind the door and open it slowly. Bracing yourself behind the door prevents the door from being blown open due to the pressure created by the fire. Walk quickly to the nearest exit and alert others to do the same. Do not use the elevators during a fire.
6. Smoke is the greatest danger in a fire, so stay near the floor where the air will be less toxic.
7. Once outside, move to a clear area at least 500 feet away from the affected building. Keep streets, fire lanes, hydrants and walkways clear for emergency vehicles and crews. These essential personnel must be allowed to do their jobs.
8. Do not return to an evacuated building unless told to do so by College officials.
9. If you become trapped in a building during a fire and a window is available, place an article of clothing (shirt, coat, etc.) outside the window as a marker for rescue crews. Place a wet cloth at the base of doors to keep smoke from entering. Shout at regular intervals to alert emergency crews of your location. Dampen a cloth with water, place it over your nose, and breathe lightly through it. It is understood that these items may not be available to you-hence the importance of moving quickly and knowing your escape routes.
10. Should your clothing catch fire, stop, drop and roll. Rolling on the ground will help smother the fire-this is in fact very effective.

THE TOWERS CAMPUS RESIDENCE HALL

All rooms and apartments are equipped with smoke detectors. Each apartment is equipped with a sprinkler system. Several fire alarm pull stations are located on each corridor. This equipment is monitored to ensure that it is in good working condition. If an emergency situation arises and a fire extinguisher is used, the extinguisher must be recharged. You must notify your RA and/or the RA on duty at the time the emergency occurred. Contact Capstone Management, the Security at the front desk, and the CCNY Public Safety Department and Capstone Management. Failure to notify Capstone Management or CCNY Public Safety may result in disciplinary action, as well as a fee to recharge the extinguisher and any resulting damages to the property. Also, if the smoke detector in your room beeps because of a weak battery, please submit a work order through the Resident Portal. Any person, who sets off a false alarm, interferes with the operation of the alarm system, or damages or removes any part of the alarm system for purpose other than those related to fire safety (including, but not limited to fire extinguishers, smoke detectors, sprinkler systems, or removes an exit sign) is subject to severe disciplinary action.

FIRE DRILLS/EDUCATION AND TRAINING AT THE TOWERS

- The Director of the Towers and Maintenance Supervisor with the assistance of residential advisors conducts fire drills twice a year.
- Fire Safety education and training programs are given by the Director of the Towers, Asst. Director of the towers and resident advisors to all residents of the towers and employees.

FIRE SAFETY EQUIPMENT

All rooms are equipped with smoke detectors and a sprinkler system. Fire alarm pull stations are located on each floor. Tampering with fire safety equipment or setting off a false alarm makes the system ineffective and endangers the lives of other residents and will be considered violation of the Henderson Rules and result in referral to City College Assistant Vice President of Student Affairs. Any person, who sets off a false alarm, interferes with the operation of the alarm system, or damages or removes any part of the alarm system, fire extinguishers, smoke detectors, sprinklers, or exit signs are subject to disciplinary action, including dismissal from the Dormitory.

FIRE ALARMS/EVACUATION PROCEDURES

For resident safety, a fire drill will be conducted each semester. When a fire alarm sounds, residents should follow the instructions on the back of their room door. Fire drills, false alarms, and genuine fire alarms are unidentifiable. Whenever the fire alarm sounds everyone MUST evacuate the building. Even in a building designed to be resistant to fire, a small wastebasket fire can quickly fill an area with smoke and deadly gases. Smoke is the major cause of death from fires within residence halls. For this reason, residents should be certain to close their room doors and windows when evacuating in order to retard the spread of smoke. Hallway and stairwell fire doors should be closed at all times. Residents cannot re-enter the building until the Public Safety Personnel, Fire Department or Residential Life/Housing staff, gives an "all clear" signal. Residents who fail to evacuate a residence hall building during a fire alarm or who do not follow the directives of Fire, Public Safety, or Residence hall staff will be referred to the University disciplinary system for judicial action. Obstructing a doorway, exit, stairwell, or room door is a serious safety hazard. CAUTION: Building fire alarms may stop ringing. If they stop, do not return to the building unless notified by the Fire Department or Public Safety. Know the location of fire alarm pull stations, fire extinguishers, and exits. Fire Extinguishers: Fire extinguishers will be charged, available, and operable at all times. Tampering with fire extinguishers is a serious offense and could lead to disciplinary action and/or dismissal from the City University of New York.

FIRE SAFETY: PROHIBITED ACTIONS AND ITEMS

- Smoking inside any part of the Towers @ CCNY
- Use of halogen lamps or neon signs
- Failure to comply with procedures established for health, maintenance and safety concerns

This provision includes kerosene heaters and fuel, fuel containers for motorcycles or motor vehicles, as well as candles, open flames, fragrance pots, blow torches, bottled propane, and similar burning devices.
- Should you see or smell smoke, immediately pull the nearest fire alarm, leave the building, and call the Public Safety Department at extension 7777 or the Fire Department by calling 911 from a safe area. Be prepared to give the following information:
 - Location of fire
 - Building and room number (if known)
 - Your name and telephone number
 - Stay on the line until the dispatcher releases you

- Do not attempt to put out a fire if you are endangering your own safety or the safety of others.
- Do not use elevators. Power may fail causing the elevator to stop between floors or elevator doors may open onto the fire floor.
- Disabled persons who are unable to move down the stairwells should move to a stairwell. Caution should be used as to not block traffic.
- Immediately notify rescue personnel of any person left in the building along with their locations.

Candles/Holiday Decorations

Holiday and other celebrations that typically involve the lighting of candles and/or string lighting may be observed, with permission of the Management, only in a common area downstairs visible to Security, and only if conducted in a manner that does not trigger fire safety systems. Examples of such events include, but are not limited to the lighting of the Menorah during Hanukah, lighting of the Kinara during KWANZAA, or the lighting of Christmas trees during Christmas. These rules apply to such occasions: Candle, incense, or other open flames are not permitted, even as decorations; this includes birthday, Shabbat, Yartzzeit and holiday candles. Garbage Bags or other flammable material may not be used for decorations. Room/apartment and individual lights may not be covered for any reason. Live trees are prohibited; artificial trees made of aluminum or any other metal may not be wired with tree lights. Doors: Summit entrance doors, doors and windows in other public areas, and doors in student rooms may be decorated in a manner that does not deface or damage property, create a fire hazard or result in resident complaints. No more than 50% of doors may be covered at any time. Material that is difficult to remove or might result in damage, such as artificial snow, is not permitted. Decorations that violate any established policies are prohibited. Empty alcohol bottles may not be used as decorations of any sort.

All lights or other decorations must be approved by the RA for your area. Extension cords may not be used. No protrusion through/around windows or screens. Any structures or decorations that do not meet the standards set by The Summit Office and the Fire Marshal will be taken down immediately. If the required changes are not made, The Summit Staff reserves the right to remove all structures from the room and bill the resident for the cost of removal. Failure to remove or redesign items may result in a disciplinary action. Fireworks or pyrotechnic explosive devices are not permitted by state statutes and are prohibited in the residence halls.

FIRE EXITS

The fire exits are for emergency use only. These exits are alarmed and monitored. Other than during emergencies, entrance to and exit from the building is only at the main entrance, which is serviced by security officers. Improper use of fire exits may result in disciplinary action, up to and including License Agreement termination.

Neither Capstone Management nor City College is responsible for loss or damage to personal property of residents. We encourage you to carry personal property insurance. If applicable, you should check your parents' policy to see if your property is covered in your room or apartment unit.

Value of Property Damage: The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity, including:

- contents damaged by fire
- related damages caused by smoke, water, and overhaul
- but not including indirect loss, such as business interruption

ACTIVE SHOOTER

Don't panic. Keep breathing and keep focused. When an intruder in a campus building is actively causing deadly harm or the threat of imminent deadly harm to people; you must immediately seek cover and contact 911 and the Public safety Department, if at all possible. If you are able to make a call, give as many details as possible relative to location, number of assailants, means of aggression and other pertinent information.

1. Do not sound the fire alarm to evacuate the building. People may be placed in harm's way when they are attempting to evacuate the building.
2. Be aware of alternate exits if it becomes necessary to flee.
3. Persons should lock themselves in classrooms and offices as a means of protection.
4. Persons should stay low, away from windows and barricade their door(s) if possible and use furniture or desks as cover.
5. If possible, cover any windows or openings that have a direct line of sight into the hallway.
6. Students and staff should not attempt to leave the building until told to do so by Public Safety or NYPD. The only exception to this is, given the specific circumstances, a person is certain beyond any doubt, that they are in more danger in staying in the building, than in attempting to escape.

When an active shooter is actively causing deadly harm or the threat of imminent deadly harm to people on the campus grounds, we recommend the following course of action:

1. Run away from the threat if you can, as fast as you can.
2. Do not run in a straight line. Use buildings, trees, shrubs, and cars as cover if outside. If inside, desks, chairs bookcases may help.
3. If you can get away from the immediate area of danger, summon help and warn others.
4. If you decide to hide, take into consideration the area in which you are hiding. Will I be found? Is this really a good spot to remain hidden? If you do hide, stay as quiet as possible and calm as possible.
5. If the person(s) is causing death or serious physical injury to others and you are unable to run or hide you may choose to play dead if other victims are around you. Do not give your position away or stand-up until Public Safety or civil authorities give an all-clear signal. If you choose to confront the aggressor, use all manner of materials at hand as weapons-books, chairs, any object near hand.

BOMB INCIDENT PLAN

While it is important to note that the overwhelming majority of bomb threats are unfounded, it is the policy of the College that they are to be taken seriously. Each threat will be thoroughly investigated and will be considered suspect until all avenues of investigation have been explored.

1. A suspicious looking box, package, object or container in or near your work area may be a bomb or explosive material. Do not handle or touch the object. Move to a safe area (far from the object) and call the Department of Public Safety immediately at ext. 7777. Do not operate any electronic devices, radios or light (power) switches.
2. If you receive a bomb threat, remain calm and try to obtain as much information as possible from the caller. Specifically try to ascertain the following:
 - a) The location of the device.
 - b) The time, if any, the device is scheduled to go off.
 - c) The appearance or type of container used for the device.
 - d) The reason for placing the device.
 - e) The size of the bomb.
 - f) The type of explosive used in the device.
 - g) The name of the caller or organization taking responsibility.
 - h) Any additional information that might be available.

3. The person receiving the call should note the following:
 - a) Male or female voice.
 - b) Time of call.
 - c) Mood of caller (excited, nervous, calm, and despondent).
 - d) Background noises that may be present at the location of the caller.
 - e) Approximate age of the caller.
 - f) Any other peculiarities that may be helpful in identifying the source of the call or its purpose.
4. The police will be called and the building may be subject to full or partial evacuated. When evacuating the building, only use stairs. Do not use elevators. Move well away from the building and follow the instructions of floor coordinators and emergency personnel at the scene.
5. If there is an explosion:
 - a) Immediately take cover under sturdy furniture.
 - b) Stay away from the windows.
 - c) Do not light matches.
 - d) Move well away from the site of the explosion to a safe location.
 - e) Use stairs only, do not use elevators.

MEDICAL EMERGENCIES

1. All medical emergencies should be reported immediately to Public Safety ext.7777.
2. If the medical emergency is life threatening, then call 911 before dialing Public Safety. If you are in doubt, call 911.
3. If you call 911, be prepared to give your name; describe the nature and severity of the medical problem and the location of the victim. Try to answer all of the questions the dispatcher asks you and let him/her hang-up the phone first. Do not move the victim if you are certified in CPR and First Aid and able to help, then try to assist the victim until help arrives.
4. Look for emergency medical ID's such as bracelets on injured persons and try to keep the victim as comfortable as possible until emergency personnel arrive.
5. If a medical problem is non-life threatening, call the Public Safety Department at ext. 6911..

MEDICAL EMERGENCIES-MENTAL HEALTH

The Office of V.P. of Students Affairs office can be most helpful in assisting anyone who feels in need of counseling or mental health service. The wellness center has counselors and there available at 212-650-8222. Whenever an individual demonstrates or reports a risk for self-destructive or suicidal behavior, immediate assistance is needed. If the situation poses an imminent physical danger, call ext. 7777 to reach the Public Safety office or summons 911.If imminent physical danger is not posed then call the wellness center at ext.8222. If a response from either of these two areas is unavailable contact Public Safety.

UTILITY FAILURES

Power Failure

The following actions are to be taken by members of the college community in the event of a power failure: Report any power failure immediately to facilities at ext.8675 or Public Safety at ext. 6911/7777.

Plumbing Problem/Flooding

Cease using all electrical equipment. Contact facilities at ext.8675 or contact Public Safety 6911 /7777.

Gas Leaks

If you smell gas, contact facilities at ext. 8675 or Public Safety at ext. 6911/7777. Do not use a mobile phone near a gas leak whether here or at home. Gas vapors can be ignited by static electricity.

BIOLOGICAL CHEMICAL OR NUCLEAR ATTACKS

1. Upon receiving confirmed information of an imminent or ongoing biological, chemical or Nuclear Disaster/Attack that poses great risk to life at the School, the President or her designee shall declare a campus wide emergency.
2. This state of emergency may initiate a lockdown of the building and/or its total evacuation.

3. Notification will be made via college website, voicemail, emergency communication response system and CUNY-ALERT if at all possible.
4. Building occupants will be kept abreast of changes as they develop by college officials. During an event at the building the following actions will be taken if possible: (a) building wide air-handlers will be turned off and intakes sealed if possible, (b) building occupants will be directed to enclosed areas of the building unless otherwise directed by civil authorities to provide most insulation and (d) updates on emergency will be given, if practicable, by the same methodologies as indicated above.

Access to College Facilities

The College balances the requirements for proper flow of traffic into, out of, and throughout buildings with the need to safeguard the community from intrusions with the potential to harm individuals, college property, or commit thefts.

IDENTIFICATION CARDS

Access to campus buildings is limited to faculty, staff, students, guests and visitors who are conducting official college business. When entering all faculty, staff and students are required to wear college issued identification cards on campus at all times. Visitors must obtain temporary I.D. Cards from the Office of Public Safety or the I.D. Office to gain access to our buildings except when attending events open to the public. To obtain or replace an ID card the ID office is located in the NAC building room 1/204.

Administrators, faculty and staff are issued keys to their respective offices and/or buildings. All buildings are locked after scheduled classes or special events. During non-business hours when the College is closed entry to buildings is not allowed except with written authorization. The College also maintains a Central Alarm monitoring system on campus.

GUESTS ON CAMPUS

All visitors to the college are expected to comport themselves in a manner consistent with an academic environment. Guests must sign in at the front Public Safety desk and show identification to the officer on duty. Upon exiting the college, guests must sign out. Guests must generally be in the same area as the host student and may not use college facilities such as copy machines or computers in furtherance of their own work without express permission of the Office of Student Affairs. Guests are subject to the lawful instructions of all members of Public Safety, as well as the Administrative staff. Guests may not remain in the building after midnight or on weekends and holidays. If someone is waiting for you after this time to facilitate transportation or other issue of importance, they must remain by the front Security desk of each building. If a guest seems to be intoxicated, refuses to follow procedures of producing identification or follow sign in and sign out procedures, entry to the building will be denied.

The Towers, the residence hall on campus, has more specific policies regarding guests in their facility. Please check their website at: www.cnytowers.com

SECURITY CONSIDERATIONS USED IN THE MAINTENANCE OF CAMPUS FACILITIES

All buildings are maintained by CUNY/CCNY facilities department including all interior and exterior lighting of the campus. The College Fire Safety Director is responsible for maintaining the College's fire alarm/suppression system and fire commands. All CCTV cameras are monitored by the Department of Public safety including public address system as well as interior and exterior lighting. Any conditions, which appear unsafe, should be directly reported to any public safety personal, as soon as possible. Public Safety monitors all interior and exterior cameras on a continuous basis. Public Safety/Security Officers patrol the buildings and grounds several times every tour, each day of the year. Tours are logged in via a computerized system. The City College also utilizes a computerized card access system as a means of access to parts of the buildings on campus. When activated, authorized cards are touched to wall mounted card readers to open doors. All keys are issued by the College Locksmith including the change and replacing of locks. Only college purchased locks are allowed on any building doors with the approval of public safety and the College Locksmith. All Public Safety Officers carry mobile radios programmed through a repeater to enhance effectiveness. The aforementioned devices are checked during tours. Additionally, a special mobile radio located at the front Public Safety desk can communicate with any of the other CUNY campuses, as well as the central office. Deficiencies should be reported to University Public Safety for repair/service. The Public Safety Dispatcher and all campus law enforcement officers monitor all NYPD local police precinct transmissions with the availability to transmit for emergency purposes.

Weapons Policy

No one within the University community (including visitors), except Campus Peace Officers, pursuant to authorization of the College President, shall have in his/her possession a rifle, shotgun, firearm, or any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage to a building or the grounds of the campus.

College Regulations / Code of Conduct

RULES AND REGULATIONS FOR THE MAINTENANCE OF PUBLIC ORDER PURSUANT TO ARTICLE 129-A OF THE EDUCATION LAW (THE "HENDERSON RULES.")

The tradition of the University as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility, and trust among teachers and students, only when members of the University community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the University campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom.

Against such offenders the University has the right, and indeed the obligation, to defend itself.

We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

THE PRESIDENT

The president, with respect to his education unit, shall:

- a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction;
- b. Be the advisor and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the Bylaws, resolutions, and policies of the Board, the lawful resolutions of the several faculties;

Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

Members of the academic community and other persons on the college grounds shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.
6. Action may be taken against any and all persons who have no legitimate reason for their presence on any campus within the University/college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of the rights or interferes with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational, and community services.
7. Disorderly or indecent conduct on University/college-owned or controlled property is prohibited.
8. University Policy Relating to Drugs and Alcohol

The City University of New York is an institution committed to promoting the physical, intellectual, and social development of all individuals. As such, CUNY seeks to prevent the abuse of drugs and alcohol, which can adversely impact performance and threaten the health and safety of students, employees, their families, and the general public. CUNY complies with all federal, state, and local laws concerning the unlawful possession, use, and distribution of drugs and alcohol. The following standards of conduct are in effect at CUNY:

The unlawful manufacture, distribution, dispensation, possession, or use of drugs or alcohol by anyone, on CUNY property (including residence halls), in CUNY buses or vans, or at CUNY-sponsored activities, is prohibited. In addition, CUNY employees are prohibited from illegally providing drugs or alcohol to CUNY students. Finally, no student may possess or consume alcoholic beverages in any CUNY residence hall, regardless of whether the student is of lawful age.

Students are expected to comply with the CUNY and college policies with respect to drugs and alcohol. Any student found in violation may be subject to disciplinary action under Article 15 of the CUNY Board of Trustees Bylaws, which may result in sanctions up to and including expulsion from the University. In addition, any student who resides in a CUNY residence hall and who is found to have violated any CUNY or college policy with respect to drugs and alcohol may be subject to sanctions under the CUNY Residence Hall Disciplinary Procedures, up to and including expulsion from the residence hall.

Any employee found to have violated the CUNY policy may be subject to disciplinary action, in accordance with the procedures set forth in applicable CUNY policies, rules, regulations, and collective bargaining agreements. Sanctions may include reprimand, suspension without pay or termination.

CUNY STANDARDS OF CONDUCT

The unlawful manufacture, distribution, dispensation, possession, or use of drugs or alcohol by anyone, on CUNY property (including CUNY residence halls), in CUNY buses or vans, or at CUNY-sponsored activities, is prohibited. In addition, CUNY employees are prohibited from illegally providing drugs or alcohol to CUNY students. Finally, no student may possess or consume alcoholic beverages in any CUNY residence hall, regardless of whether the student is of lawful age. For purposes of this policy, a CUNY residence hall means a residence hall owned and/or operated by CUNY, or operated by a private management company on CUNY's behalf. In order to make informed choices about the use of drugs and alcohol, CUNY students and employees are expected to familiarize themselves with the information provided by CUNY about the physiological, psychological, and social consequences of substance abuse.

CUNY SANCTIONS

Employees and students who violate this policy are subject to sanctions under University policies, procedures and collective bargaining agreements, as described below. Employees and students should be aware that, in addition to these CUNY sanctions, the University will contact appropriate law enforcement agencies if they believe that a violation of the policy should also be treated as a criminal matter.

STUDENTS

Students are expected to comply with the CUNY and college policies with respect to drugs and alcohol. Any student found in violation may be subject to disciplinary action under Article 15 of the Bylaws of the Board of Trustees, which may result in sanctions up to and including expulsion from the University. In addition, any student who resides in a CUNY residence hall and who is found to have violated any CUNY or college policy with respect to drugs and alcohol may be subject to sanctions under the CUNY Residence Hall Disciplinary Procedures, up to and including expulsion from the residence hall. In lieu of formal disciplinary action, CUNY may, in appropriate cases, seek to resolve the matter through an agreement pursuant to which the student must see a counselor or successfully participate in a drug and alcohol treatment program. In accordance with the Federal Educational Rights and Privacy Act ("FERPA"), CUNY may also choose—when appropriate—to contact parents or legal guardians of students who have violated the CUNY policy on drugs and alcohol.

EMPLOYEES

Any employee found to have violated this CUNY policy may be subject to disciplinary action, in accordance with the procedures set forth in applicable CUNY policies, rules, regulations, and collective bargaining agreements. Sanctions may include a reprimand, suspension without pay, or termination of employment. In lieu of formal disciplinary action, CUNY may, in appropriate cases, seek to resolve the matter through an agreement pursuant to which the employee must successfully participate in a drug or alcohol treatment program.

INFORMATION FOR THE CUNY COMMUNITY ON THE RISKS AND CONSEQUENCES OF DRUG AND ALCOHOL USE

BACKGROUND

The City University of New York's Policy on Drugs and Alcohol, adopted by the Board of Trustees on June 22, 2009, prohibits the unlawful manufacture, distribution, dispensation, possession, or use of drugs or alcohol by employees, students or visitors, on CUNY property, in CUNY buses or vans, or at CUNY-sponsored activities. It prohibits all students (regardless of their age) from possessing or consuming alcoholic beverages in CUNY residence halls. It also prohibits CUNY employees from illegally providing drugs or alcohol to CUNY students. As the Policy states, sanctions for violation of the Policy, following appropriate disciplinary proceedings, may include, in the case of students, expulsion from the university, and in the case of employees, termination of employment. This document sets forth additional information required to be provided under federal law, including the legal sanctions for drug and alcohol use, health risks of such use, and information regarding available counseling, treatment, or rehabilitation programs.

LEGAL SANCTIONS

Federal and New York State laws make it a criminal offense to manufacture, distribute, dispense, possess with intent to distribute, or simply possess a controlled substance. Such substances include heroin, cocaine, methamphetamine, ecstasy, LSD, PCP, marijuana, and a number of common pharmaceutical drugs if unlawfully obtained. The sanctions for violation of these laws, ranging from community service and monetary fines to life imprisonment, depend upon the particular offense, the drug type, and the drug quantity. Students convicted under these statutes may also forfeit federal financial aid eligibility.

Note that an individual need not be in actual physical possession of a controlled substance to be guilty of a crime. The unlawful presence of a controlled substance in an automobile is presumptive evidence of knowing possession of such substance by each passenger unless the substance is concealed on the person of one of the occupants. Similarly, the presence of certain substances in plain view in a room can sometimes be presumptive evidence of knowing possession of such substance by anyone in close proximity.

Further, pursuant to New York State law:

- Any person under age 21 who is found to be in possession of alcohol with the intent to consume it may be punished by a fine and/or required to complete an alcohol awareness program and/or to provide up to 30 hours of community service. Alcoholic Beverage Control Law, § 65-c.
- Giving or selling an alcoholic beverage to a person less than age 21 is a class A misdemeanor punishable by a sentence of imprisonment up to one year. Penal Law § 260.20
- Any person who operates a motor vehicle while intoxicated or while his ability to operate such vehicle is impaired by the consumption of alcohol or drugs, is subject to suspension or revocation of driving privileges in the State, monetary fines up to \$1,000, and imprisonment for up to one year. Vehicle and Traffic Law § 1192
- A person under 21 who presents false written evidence of age for the purpose of purchasing or attempting to purchase any alcoholic beverage may be punished by a fine, community service and/or completion of an alcohol awareness program. Alcoholic Beverage Control Law § 65-b(1). Possessing such false evidence may also be criminal possession of a forged instrument, which is a felony in New York, punishable by a fine of up to \$5000, imprisonment up to 7 years, or both. Penal Law § 170.25.
- Appearing in public under the influence of narcotics or a drug other than alcohol to the degree that a person may endanger him or herself or other persons or property, or annoy persons in his vicinity, is a violation, punishable by a fine and imprisonment up to 15 days. Penal Law § 240.40

HEALTH RISKS

The following is a brief summary of some of the health risks and symptoms associated with use of many of the most-publicized drugs, including alcohol and tobacco. This information was obtained from the National Institute on Drug Abuse (part of the National Institutes of Health of the U.S. Department of Health and Human Services), and the Mayo Clinic. Please note that individuals experience such substances in different ways based on a variety of physical and psychological factors and circumstances.

LSD (Acid) - LSD is one of the strongest mood-changing drugs, and has unpredictable psychological effects. With large enough doses, users experience delusions and visual hallucinations. Physical effects include increased body temperature, heart rate, and blood pressure; sleeplessness; and loss of appetite.

Cocaine - Cocaine is a powerfully addictive drug. Common health effects include heart attacks, respiratory failure, strokes, and seizures. Large amounts can cause bizarre and violent behavior. In rare cases, sudden death can occur on the first use of cocaine or unexpectedly thereafter.

MDMA (Ecstasy) - Ecstasy is a drug that has both stimulant and psychedelic properties. Adverse health effects can include nausea, chills, sweating, teeth clenching, muscle cramping, and blurred vision.

Heroin - Heroin is an addictive drug. An overdose of heroin can be fatal, and use is associated – particularly for users who inject the drug – with infectious diseases such as HIV/AIDS and hepatitis.

Marijuana - Effects of marijuana use include memory and learning problems, distorted perception, and difficulty thinking and solving problems.

Methamphetamine - Methamphetamine is an addictive stimulant that is closely related to amphetamine but has long lasting and more toxic effects on the central nervous system. It has a high potential for abuse and addiction. Methamphetamine increases wakefulness and physical activity and decreases appetite. Chronic, long-term use can lead to psychotic behavior, hallucinations, and stroke.]

PCP/Phencyclidine - PCP causes intensely negative psychological effects in the user. People high on PCP often become violent or suicidal.

Prescription Medications - Prescription drugs that are abused or used for non-medical reasons can alter brain activity and lead to dependence. Commonly abused classes of prescription drugs include opioids (often prescribed to treat pain), central nervous system depressants (often prescribed to treat anxiety and sleep disorders), and stimulants (prescribed to treat narcolepsy, ADHD, and obesity). Long-term use of opioids or central nervous system depressants can lead to physical dependence and addiction. Taken in high doses, stimulants can lead to compulsive use, paranoia, dangerously high body temperatures and irregular

Tobacco/Nicotine - Tobacco contains nicotine, which is highly addictive. The tar in cigarettes increases a smoker's risk of lung cancer, emphysema, and bronchial disorders. The carbon monoxide in smoke increases the chance of cardiovascular diseases. Secondhand smoke causes lung cancer in adults and greatly increases the risk of respiratory illnesses in children.

Steroids - Adverse effects of steroid use in males may include shrinking of the testicles and breast development. In females, adverse effects may include growth of facial hair, menstrual changes, and deepened voice. Other adverse effects can include severe acne, high blood pressure and jaundice. In some rare cases liver and kidney tumors or even cancer may develop.

Alcohol - Excessive alcohol consumption can lead to serious health problems, including cancer of the pancreas, mouth, pharynx, larynx, esophagus and liver, as well as breast cancer, pancreatitis, sudden death in people with cardiovascular disease, heart muscle damage leading to heart failure, stroke, high blood pressure, cirrhosis of the liver, miscarriage, fetal alcohol syndrome in an unborn child, injuries due to impaired motor skills, and suicide.

SUBSTANCE ABUSE

You or someone you know may have a problem with drugs and alcohol if you/they are:

- Using drugs and/or alcohol on a regular basis.
- Losing control of the amount of drugs and/or alcohol used after being high or drunk.
- Constantly talking about using drugs and/or alcohol.
- Believing that drugs and/or alcohol are necessary in order to have fun.

- Foregoing activities that were once priorities (i.e. work, sports, spending time with family and sober friends).
- Getting into trouble at school, at work, or with the law.
- Taking risks, including sexual promiscuity and driving while intoxicated.
- Lying about things, including the amount of drugs and/or alcohol used.
- Feeling hopeless, depressed, or even suicidal.

Reporting and Prevention of Sex Harassment, Assault & Sexual Misconduct Offenses, Stalking & Dating Intimate Partner and Domestic Violence

"Under the provisions of Title IX of the Education Amendments of 1972 (Title IX), 20 USC §§ 1681 et seq., and its implementing regulations, 34 CFR Part 106, discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance is prohibited. Sexual harassment of students, which includes acts of sexual violence, cyber stalking and unwanted physical contact of any sort, is a form of discrimination prohibited by Title IX. The U.S Department of Education's Office for Civil Rights defines this type of harassment as unwelcome conduct of a sexual nature that can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Harassing conduct, implicated by dating or domestic violence, social or electronic stalking and other adverse activity, creates a "hostile environment" when sufficiently severe or pervasive to limit or interfere with a student's ability to participate in educational activities.

DEFINITIONS OF STALKING DOMESTIC VIOLENCE AND INTIMATE VIOLENCE

"Definitions of Crimes that Must Be Reported Pursuant to VAWA

The Violence Against Women Reauthorization Act of 2013 ("VAWA"), added additional categories of crimes to the Clery Act that CUNY's schools are now required to report.

Domestic Violence

Domestic Violence includes felony or misdemeanor crimes of violence committed by an intimate partner or former intimate partner of the victim.

Intimate partner includes persons legally married to one another, persons formerly married to one another, persons who have a child in common, regardless of whether such persons are married or have lived together anytime, couples who live together or have lived together, or persons who are dating or who have dated in the past, including same sex couples. New York State has multiple laws addressing domestic violence, and the definition is broad. Generally, domestic and intimate partner violence is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic and intimate partner violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure or wound someone.

Dating Violence

Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Like domestic violence, dating violence includes a pattern of abusive behavior that one person intentionally uses to gain or maintain power and control over another person. Dating violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure or wound someone.

The length of the relationship, the type of relationship and the frequency of contact, whether in person or by other forms of communication, are factors that help determine whether dating relationships exist.

Stalking

Stalking is a pattern of behavior directed at a specific person that would cause a reasonable person to feel fear or emotional distress.

Stalking generally refers to repeated behaviors that harass or threaten the victim, such as following a person, appearing at a person's home or place of business, making repeated and/or harassing calls, leaving written messages or objects, or contacting someone repeatedly via electronic means (i.e. the internet or text messaging).

Unlike other crimes, which normally consist of a single illegal act, stalking is a series of actions that, when taken individually, may be perfectly legal. For instance, sending a birthday card or flowers or standing across the street from someone's house is not a crime. When these actions are part of a course of conduct that would cause a reasonable person to be afraid or to feel emotional distress, they are illegal."

Reporting methods other than listed above:

- Calling the Department of Public Safety's emergency telephone line (212) 650-7777. Extension 7777 may be dialed within the college's telephone system.
- Using one of the Emergency Assistance call boxes located throughout the campus.
- Reporting the information to any member of the Department of Public Safety or in person at the Public Safety Office located in the NAC room 4-201.
- Victims or witnesses may report crimes to persons designated as Campus Security Authorities (listed on the first page of this document), who will then forward only the report of the crime – without divulging the name of victim or witness – to the Department of Public Safety for inclusion in the annual crime report. Names and numbers of Campus Security Authorities are located on the first page of this report. The College recognizes the importance of confidentiality to victims and witnesses of crimes. For the purposes of providing crime statistics pursuant to the Campus Security Act in the College's Annual Security Report, victim and witness information will remain anonymous. However, complete confidentiality cannot be guaranteed in all other contexts. The College reserves the right to notify the police when it believes that such reporting is necessary for the protection of the College community. In many cases, however, that notification will be done without divulging the victim's identity and will be done only for the purpose of providing a campus-wide safety alert.
- In the event that the situation you observe or are involved in is of an extreme or life-threatening nature, call 911, the New York City Police Department's emergency phone number. If you make a 911 calls please also notify the Department of Public Safety. They will also respond to assist and direct the police and other emergency personnel to the reported emergency.

Bystander Intervention:

The College encourages all community members, including faculty, students and visitors to take reasonable and prudent actions to prevent and stop an act of sexual harassment or sexual violence that she/he may witness. Taking action may include direct intervention, calling law enforcement, or seeking assistance from a person in authority. In addition, the College encourages all community members to report an incident of sexual harassment or sexual violence that they observe or become aware of to the Title IX Coordinator, and/or the Office of Public Safety and Student Affairs. Community members who chose to exercise this positive option will be supported by the College and protected from retaliation.

Preventing Date or Acquaintance Rape

- Convey strongly that you expect your rights to be respected.
- Meet new acquaintances in public places. Always have your own transportation or travel with good friends.
- Keep money in your pocket or purse for phone calls or pay for transportation if you must leave a situation abruptly.
- Be aware of how much alcohol is being consumed. It's best to avoid using alcohol. While not a direct cause of date rape, alcohol can increase your vulnerability by lowering your alertness and ability to react.
- Clearly define your sexual limit. If someone starts to offend you, be direct. Passivity may be interpreted as permission. Say no clearly when you mean no.
- If you feel that you are being pressured into unwanted sex, say something as soon as you can, before the behavior goes any further.
- It's okay to criticize your date's action and still like your date. However, if you don't say anything, your date won't know what behavior to stop. If your date doesn't listen, leave.
- Embarrassment should not keep you from doing what is right for you. Do not hesitate to raise your voice, stand up abruptly, or scream if the situation warrants it.

What to Do if You Are Attacked

- After an attack, try to be as calm as possible in order to think clearly. Get to a safe place and call for help immediately. If you are in the building, contact security immediately; anywhere else call 911, call a relative or a friend or a rape crisis center. The NYC Police Department Sex Crimes Report Line is always open at (212) COP-RAPE.
- Remain in the same condition as when the attacker left. Do not change, wash, or destroy any clothing or any article that may be evidence.
- Do not wash, douche or comb your hair.
- Have a medical/gynecological exam at the nearest hospital emergency room as soon as possible. The doctor should note and treat any injury and take measures to combat the possibility of sexually transmitted diseases or pregnancy. If you report being raped, the doctor must collect semen smears as evidence.
- Show police any bruises or injuries, however minor, resulting from the attack. Also show injuries, however minor, resulting from the attack. Also show injuries to a friend or relative who might be available as a corroborative witness at the trial. If possible, photograph bruises.
- Leave the crime scene exactly as it is. Do not touch, clean up, or throw anything away.
- Give any clothing that was stained or torn (including undergarments) during the crime to the police.
- When calm, write down every detail about the incident, including: who, what, where, when, and how; what the attacker looked like (height, weight, clothing, type of build, color of skin, hair eyes facial oddities, scars jewelry, tattoos etc.); description of any vehicle used or the direction you last saw the attacker running; what kind of force or coercion was used; any objects touched, taken, or left by the attacker; if the attacker said anything, try to remember the words, the grammar, any accents or speech defects; and if there were witnesses, list who and where they might be.
- Seek psychological support as well as medical attention. Even though the actual incident is over, you may suffer from rape trauma syndrome, which includes a variety of difficulties commonly experienced after a sexual assault.
- A student can call the New York City Police Department or 911, or go directly to a hospital. If the student wishes, Public Safety will contact the NYPD Special Victims Unit on their behalf. It is important to note that if you are a victim of a sex offense, **do not destroy any evidence (including clothing) and do not take a shower or bath.**
- It is important that such physical evidence be preserved in order to assist with any ensuing criminal investigation. If the student believes that she/he may be the victim of date rape by being drugged, she/he should go directly to a hospital to receive a toxicology examination since such drugs only remain in a person's system for a short period of time. The Department of Public Safety will assist with notification of other law enforcement authorities and/or medical professionals if the student so chooses.

Files relating to sex offenses are kept confidential by the Department of Public Safety and by the Office of Student Affairs/Student Development, unless otherwise required by law or CUNY policy.

Who is a perpetrator?

Many people think that sexual assaults are only perpetrated by vicious strangers on dark, deserted streets. In fact, studies indicate that between 80 and 90 percent of all people who have been raped know their perpetrator(s). This is called “date rape” or “acquaintance rape.” “Date rape” is not a legally distinct or lesser category of rape. It refers to a relationship and situational context in which rape occurs on a date. Rape or any sexual offense, whether on a date or not, is the same criminal offense involving the same elements of force, exploited helplessness or underage participation. With sexual assaults where the victim knows the perpetrator, alcohol use is often involved on the part of either the victim or the perpetrator. However, a sexual assault is still a crime regardless of the intoxication of the perpetrator or the victim.

Who is a victim?

Anyone can be a victim, regardless of gender, age, race, sexual orientation, religion, ethnicity, class or national origin. Though women and girls are primary targets of these crimes, men and boys are sexually victimized too, and have been found to suffer the same aftermath as women. Regardless of whether the victim was abusing alcohol and/or underage, she or he is still the victim of the sex offense.

When is there lack of consent? Under New York law, lack of consent to a sexual contact may be demonstrated in the following ways:

- 1) Forcible compulsion including the use of physical force or threat (express or implied) which places the person in fear of physical injury to self or another
- 2) Incapacity to consent on the part of the victim
- 3) Circumstances in which the victim does not expressly or impliedly acquiesce in the actor’s conduct; or
- 4) Circumstances in which the victim clearly expressed by words or actions that he or she did not consent to engage in such sexual act and a reasonable person would have understood such person’s words or actions as an expression of lack of consent to such conduct

A person is deemed incapable of giving consent if she/he is (a) under the age of 17, (b) mentally incapacitated (which may include incapacity due to the victim’s ingestion of alcohol or drugs), (c) physically disabled or (d) physically helpless (asleep, unconscious or for any other reason physically unable to communicate unwillingness to act, which may also include incapacity due to the victim’s ingestion of alcohol or drugs).

Who is responsible for a sexual attack?

In the absence of consent, the attacker is *always* responsible for having committed the sexual assault regardless of the victim’s appearance, behavior, or conduct on previous occasions. An attacker cannot assume that the way a person dresses or acts is an invitation for sexual advances. A person may welcome some forms of sexual contact and be opposed to others. The more impaired a person is from alcohol or drugs, the less likely she/he can give consent; having sex with someone who is “passed out” or sleeping is rape. And regardless of previous sexual activity, if someone refuses sexual contact, the failure to respect that limit constitutes non-consensual sex.

College and Community Counseling and Support Services for Sex Offense Victims

On-Campus Assistance

Victims of a sexual assault are encouraged to contact the Office of Public Safety or the Wellness Center to obtain assistance in accessing medical and counseling services, or to make any necessary changes to the student’s academic program. Victims of such crimes can obtain assistance from the Office of the Student affairs throughout the disciplinary process. The Office of Public Safety can assist the victim in getting to and from campus classes, filing a police report and obtaining an order of protection against the perpetrator. The victim can also file a complaint with the College against a perpetrator who is a student or employee of the University at the Office of and Public Safety.

Prevention Education Programs

Each CUNY College is required to develop materials and programs to educate its students, faculty and staff on the nature, dynamics, common circumstances and effects of sexual assault, domestic/intimate partner violence and stalking, and the means to reduce their occurrence and prevent them. The prevention education should seek to provide the most recent and relevant information, such as education pertaining to bystander intervention, the importance of peer networks and the significance of fostering a community of responsibility.

Prevention education materials and programs must be incorporated into campus orientation activities for all incoming undergraduate and graduate students (including transfers), and is required to be made available to all student activity groups, clubs and athletic teams. In addition, all residence halls are required to have a mandatory orientation on sexual assault, stalking and domestic/intimate partner violence prevention. Colleges are encouraged to assist in the organization of peer education groups and to provide resources to such groups so that the groups can provide training and outreach to other students throughout the academic year. Since the abuse of alcohol is frequently involved in occurrences of sexual assault and other forms of violence, it is important that the education program include education about the deleterious effects of alcohol abuse.

In addition, each College is required to provide periodic training relating to the prevention and handling of sexual assaults, stalking and domestic/intimate partner violence for all relevant personnel, including public safety officers, counselors, student affairs staff and residence hall assistants by experts trained in the field. Education and training must also be made available to any interested faculty and staff member. Each campus must have at least one qualified staff or faculty member serve as a designated liaison and trainer for additional trainings.

CCNY Public Safety host weekly crime prevention workshops during club hours on Thursdays from 12pm-2pm in the NAC Rotunda. In addition public safety provides workshops for individual clubs and departments on various topics such as domestic violence, sexual assault, personal safety tips, identity theft, Title IX and workplace violence. Public Safety also updates there website with crime prevention tips and issues newsletters via email to the campus community.

Disciplinary Procedure

The Colleges shall act promptly in response to information that a student has been sexually assaulted by another member of the CUNY community. Upon receipt of a complaint, the College shall undertake an appropriate investigation. If it appears that there is sufficient evidence to warrant disciplinary charges against a student, such charges shall be brought pursuant to Article 15 of the CUNY Board of Trustees Bylaws. If the matter is brought before a hearing, the complainant and alleged perpetrator are entitled to the same opportunities to have others present, including an advisor of their choice, at their own expense and to be informed, in writing of (1) the outcome of the proceedings at the same time; (2) the procedures for appealing the results; (3) any change in results that occurs prior to the time the results become final; and (4) when the results become final. If a student is found guilty of committing a sexual assault or other act of violence

against another CUNY student or employee after a disciplinary hearing, the penalties may include suspension, expulsion from residence halls, or permanent dismissal from CUNY. The complainant and the accused are entitled to:

- A prompt, fair, and impartial investigation and resolution
- An investigation and disciplinary hearing that are conducted by officials who receive annual training on how to conduct fair investigations and hearings that protect the safety of victims and promote accountability and on issues related to domestic violence, dating violence, sexual assault, and stalking

STUDENT DISCIPLINARY PROCEDURES

Complaint Procedures:

- a. Any charge, accusation, or allegation which is to be presented against a student, and, which if proved, may subject a student to disciplinary action, must be submitted in writing in complete detail to the office of the chief student affairs officer promptly by the individual, organization or department making the charge.
- b. The chief student affairs officer of the college or his or her designee will conduct a preliminary investigation in order to determine whether disciplinary charges should be preferred. The chief student affairs officer or his or her designee will advise the student of the allegation against him or her consults with other parties who may be involved or who have information regarding the incident, and review other relevant evidence. Following this preliminary investigation, which shall be concluded within thirty (30) calendar days of the filing of the complaint, the chief student affairs officer or designee shall take one of the following actions: (i) Dismiss the matter if there is no basis for the allegation(s) or the allegation(s) does not warrant disciplinary actions. The individuals involved shall be notified that the complaint has been dismissed ; (ii) Refer the matter to mediation; or (iii) Prefer formal disciplinary charges.
- c. In the event that a student withdraws from the college after a charge, accusation or allegation against the student has been made, and the college prefers formal disciplinary charges, the withdrawn student is required to participate in the disciplinary hearing or otherwise to resolve the pending charges and will be barred from attending any other unit of the university until a decision on the charges is made or the charges are otherwise resolved. If the withdrawn student fails to so participate in the disciplinary process without good cause, the college may proceed with the disciplinary hearing in absentia and any decision and sanction will be binding.

Mediation Conference:

- d. The mediation conference shall be conducted by qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:
 1. An effort will be made to resolve the matter by mutual agreement.
 2. If an agreement is reached, the faculty or staff member conducting the conference shall report his/her recommendation to the chief student affairs officer for approval and, if approved, the complainant shall be notified, and a written memorandum shall be created memorializing the resolution and any consequences for noncompliance.
 3. If no agreement is reached, or if the student fails to appear, the faculty or staff member conducting the conference shall refer the matter back to the chief student affairs officer who may prefer disciplinary charges.
 4. The faculty or staff member conducting the mediation conference is precluded from testifying in a college hearing regarding information received during the mediation conference.

Notice of Hearing and Charges:

- e. Notice of the charge(s) and of the time and place of the hearing shall be personally delivered or sent by the chief student affairs officer of the college to the student at the address appearing on the records of the college, by certified or overnight mail and by regular mail and e-mail to students who have a college email address. The chief student affairs officer is also encouraged to send the notice of charges to any other-email address that he or she may have for the student. The hearing shall be scheduled within a reasonable time following the filing of the charges or the mediation conference. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.
- f. The notice shall contain the following:
 1. A complete and itemized statement of the charge(s) being brought against the student including the rule, bylaw or regulation he/she is charged with violating, and the possible penalties for such violation.
 2. A statement that the student has the following rights:
 - (i) to present his/her side of the story;
 - (ii) to present witnesses and evidence on his/her behalf;
 - (iii) to cross-examine witnesses presenting evidence against the student;
 - (iv) to remain silent without assumption of guilt; and

(v) to be represented by legal counsel or an advisor at the student's expense.

3. A warning that anything the student says may be used against him/her at a non-college hearing

Faculty-Student Disciplinary Committee Procedures:

- g. The following procedures shall apply at the hearing before the faculty-student disciplinary committee:
1. The chairperson shall preside at the hearing. The chairperson shall inform the student of the charges, the hearing procedures and his or her rights.
 2. **After informing the student of the charges, the hearing procedures, and his or her rights, the chairperson shall ask the student charged to respond.** If the student admits the conduct charged, the student shall be given an opportunity to explain his/her actions before the committee and the college shall be given an opportunity to respond. If the student denies the conduct charged, the college shall present its case. At the conclusion of the college's case, the student may move to dismiss the charges. If the motion is denied by the committee the student shall be given an opportunity to present his or her defense.
 3. Prior to accepting testimony at the hearing, the chairperson shall rule on any motions questioning the impartiality of any committee member or the adequacy of the notice of the charge(s). Subsequent thereto, the chairperson may only rule on the sufficiency of the evidence and may exclude irrelevant, immaterial or unduly repetitive evidence. However, if either party wishes to question the impartiality of a committee member on the basis of evidence which was not previously available at the inception of the hearing, the chairperson may rule on such a motion. The chairperson shall exclude all persons who are to appear as witnesses, except the accused student.
 4. The college shall make a record of each fact-finding hearing by some means such as a stenographic transcript, a tape recording or the equivalent. A student who has been disciplined is entitled upon request to a copy of such a record without cost.
 5. The student is entitled to a closed hearing but has the right to request an open public hearing. However, the chairperson has the right to hold a closed hearing when an open public hearing would adversely affect and be disruptive of the committee's normal operations.
 6. The college bears the burden of proving the charge(s) by a preponderance of the evidence.
 7. The role of the faculty-student disciplinary committee is to listen to the testimony, ask questions of the witnesses, review the testimony and evidence presented at the hearing and the papers filed by the parties and render a determination as to guilt or innocence. In the event the student is found to have committed the conduct charged, the committee shall then determine the penalty to be imposed.
 8. At the end of the presentations by both sides, the student may introduce additional records, such as character references. The college may introduce a copy of the student's previous disciplinary record, where applicable, provided the student was shown a copy of the record prior to the commencement of the hearing. The disciplinary record shall be submitted to the committee in a sealed envelope and shall not be opened until after the committee has made its findings of fact. In the event the student has been determined to have committed the conduct alleged in the charge or charges the records and documents introduced by the student and the college shall be opened and used by the committee for dispositional purposes, i.e., to determine an appropriate penalty if the charges are sustained.
 9. The committee shall deliberate in closed session. The committee shall issue a written decision, which shall be based solely on the testimony and evidence presented at the hearing and the papers filed by the parties.
 10. The student shall be sent a copy of the faculty-student disciplinary committee's decision within five days of the conclusion of the hearing, by regular mail and e-mail for students who have a college e-mail address. The chief student affairs officer is also encouraged to send the decision to any other e-mail address that he or she may have for the student. The decision shall be final subject to the student's right of appeal.
 11. Where a student is represented by legal counsel the president of the college or his or her designee may request that a lawyer from the general counsel's office appear at the hearing to present the college's case.
 12. When a disciplinary hearing results in a penalty of dismissal or suspension for one term or more, the decision is a university-wide penalty and the student will be barred from admission to any other unit of the university while the penalty is being served.
 13. Disciplinary penalties shall be placed on student's transcript and shall remain there unless the committee's decision, the decision on any appeal under section 15.4 below, or a mediation agreement expressly indicates otherwise.

APPEALS:

An appeal from the decision of the faculty-student disciplinary committee may be made to the president who may confirm or decrease the penalty but not increase it. His/her decision shall be final except in the case of dismissals or suspension for one term or more. An appeal from a decision of dismissal or suspension for one term or more may be made to the board committee on student affairs and special programs. Any appeal under this section shall be made in writing within

fifteen days after the delivery of the decision appealed from. This requirement may be waived in a particular case for good cause by the president or board committees as the case may be. If the president is a party to the dispute, his/her functions with respect to an appeal shall be discharged by an official of the university to be appointed by the chancellor or his or her designee.

Committee Structure:

a. Each faculty-student disciplinary committee shall consist of two faculty members and two student members and a chairperson, who shall be a faculty member. A quorum shall consist of the chair and any two members, one of whom must be a student.

Hearings shall be scheduled promptly (including during the summers) at a convenient time and efforts shall be made to insure full student and faculty representation.

b. The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, and three (3) members of the instructional staff of that college to receive training and to serve in rotation as chair of the disciplinary committee. If none of the chairpersons appointed from the campus can serve, the president, at his/her discretion, may request that a chairperson be selected by lottery from the entire group of chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student disciplinary committee and decide and make all rulings for the committee. He/she shall not be a voting member of the committee but shall vote in the event of a tie.

c. The faculty members shall be selected by lot from a panel of six elected biennially by the appropriate faculty body from among the persons having faculty rank or faculty status. The student members shall be selected by lot from a panel of six elected annually in an election in which all students registered at the college shall be eligible to vote. In the event that the student or faculty panel or both are not elected, or if more panel members are needed, the president shall have the duty to select the panel or panels which have not been elected. No individuals on the panel shall serve on the panel for more than two consecutive years.

d. In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a student or faculty seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the respective faculty or student panel by lottery.

e. Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing shall be disqualified from serving on the committee.

Suspension or Dismissal:

The board reserves full power to dismiss or suspend a student, or suspend a student organization for conduct which impedes, obstructs, or interferes with the orderly and continuous administration and operation of any college, school, or unit of the university in the use of its facilities or in the achievement of its purposes as an educational institution. The chancellor or his/her designee or a president or his/her designee may in emergency or extraordinary circumstances, temporarily suspend a student, or temporarily suspend the privileges of a student organization or group for cause, pending an early hearing as provided in bylaw section 15.3. to take place within not more than ten (10) business days. Prior to the commencement of a temporary suspension of a student, the college shall give such student oral or written notice of the charges against him/her and, if he/she denies them, the college shall forthwith give such student an informal oral explanation of the evidence supporting the charges and the student may present informally his/her explanation or theory of the matter. When a student's presence poses a continuing danger to person or property or an ongoing threat of disrupting the academic process, notice and opportunity for denial and explanation may follow suspension, but shall be given as soon as feasible thereafter.

Definitions of Sex Offenses

Sexual assault is a crime. Under Article 130 of the New York State Penal Law, it is a sex offense to engage in sexual contact or to engage in sexual intercourse, sodomy or sexual abuse by contact without the consent of the victim or where the victim is incapable of giving consent. Criminal sex offenses are classified in degree according to the seriousness of sexual activity, the degree of force used, the age of the victim and the physical and mental capacity of the offender and victim.

See chart on the following page for a list of some of the major sex offenses and their maximum penalties under New York State Law

Sexual assault is a crime of power, aggression and violence. Terms such as "date rape" and "acquaintance rape" tend to minimize the fact that the act of rape, or any sexual assault, is a serious crime. There is never an excuse or a reason for a person to rape, assault or even touch another person's private parts without consent. The impact on survivors of such an attack can cause severe and lasting physical, mental and emotional damage.

Under New York State Penal and Criminal Procedure Law

Crime	Illegal Conduct	Criminal Sanctions
<u>Rape in the first degree</u> (PL § 130.35)	A person is guilty when he or she engages in sexual intercourse with another person by forcible compulsion, with a person who is incapable of consent by reason of being physically helpless (e.g. being asleep, unconscious or due to alcohol or drug consumption), who is less than 11 years old or less than 13 and the actor is 18 or older.	Is a class B felony, with penalties up to 25 years in prison.
<u>Rape in the second degree</u> (PL § 130.30)	A person is guilty when being 18 years old or more, he or she engages in sexual intercourse with another person less than 15, or with another person who is incapable of consent by reason of being mentally disabled or mentally incapacitated	Is a class D felony, with penalties up to 7 years in prison.
<u>Criminal sexual act in the first degree</u> (PL § 130.50)	A person is guilty when he or she engages in oral sexual contact or anal sexual contact with another person by forcible compulsion, or with someone who is incapable of consent by reason of being physically helpless, or with someone less than 11 or with someone less than 13 and the actor is 18 or older.	Is a class B felony, with penalties up to 25 years in prison.

ADMISSION OF SEX OFFENDERS (as provided by the Vice Chancellor's Office of Legal Affairs)

The college reserves the right to deny admission to any student if in its judgment, the presence of that student on campus poses an undue risk to the safety or security of the college or the college community.

That judgment would be based on an individualized determination taking into account any information the college has about a student's criminal record and the particular circumstances of the college, including the presence of a child care center, a public school or public school students on the campus.
